THE WEATHER.

Increasing cloudiness, probably showers in west Wednesday; Thursday probably showers; moderate south winds!

THE MORNING STAR

WILMINGTON

FOUNDED A. D. 1867

DO YOU ADVERTISE?

If not, why not? Perhaps there's a reason. A request to this office will bring a man to talk it over with you.

VOL. LXXXVIII—NO. 24. WILMINGTON, N. C., WEDNESDAY MORNING, APRIL 19, 1911. WHOLE NUMBER 13,586.

PRIMARY ELECTION PASSED QUIETLY

Wilmington Takes First Step in Selecting Officers Under Its New Charter.

THOSE NOMINATED IN WARDS

Count Was Difficult and Returns Were Late Coming in—Election First Tuesday in May—Incidents of Day.

NOMINEES IN PRIMARY.

First Ward—W. L. West and B. C. Moore.
Second Ward—Jos. D. Smith and Herbert F. Wilder.
Third Ward—William E. Perdew and B. A. Merritt.
Fourth Ward—Walter E. Yopp and Parker Quince Moore.
Fifth Ward—M. G. Tiencken and Charles C. Loughlin.

Above is given the list of candidates nominated yesterday in the Wilmington municipal primary, the two in each ward receiving the highest vote all over the city being declared the nominees as provided in the new law. The primary passed off very quietly, the feature being perhaps the difficulty encountered in countying the ballots after the polls closed, the results not being officially known until an early hour this morning. Elsewhere in today's paper will be found a tabulation of the official vote which will be read with interest all over the city.

The defeat of several candidates whose nominations were regarded as a certainty and the piling up of enormous pluralities by others, who were supposed to have but little strength, were the surprising features of the primary. With the Australian ballot system it was an absolute impossibility to tell anything about the vote until the final result was announced, although it became apparent early in the day that if ex-Mayor Springer were nominated it would be by a close margin as he was bitterly fought in every ward. The defeat of ex-Mayor Springer was the surprise of the election, and following closely upon it was the defeat of Alderman Walter E. Yopp.

It was 1 o'clock this morning when the board of canvassers got through checking up the vote of the Third ward, and it was only a few minutes before when the vote was received. The first precinct to report was No. 1, of the First ward, and this was sent in shortly after 9 o'clock, and was followed shortly afterwards by the second precinct of the same ward. It was about midnight when the vote of the Fourth ward was received.

Quite a large crowd had assembled in the Mayor's office at the City Hall to receive the returns and but few Wards had been received when it became apparent that the vote cast was very different from what was expected. The friends of ex-Mayor Springer could hardly realize that he had been defeated and up to the time the vote from the Third ward was received they claimed he would be nominated. The defeat of ex-Mayor Springer, it was stated by his supporters, was brought about largely by the "laying down" on him at the last moment of the faction that was supposed to be working for him.

Before the primary it was the general impression that Mr. M. G. Tiencken would lead in the primary, but this honor went to Mr. Joseph D. Smith, candidate from the Second ward, who received 1,156 votes, a majority of 59 over Mr. Tiencken. Third in the race was Mr. W. E. Perdew, of the Third ward, with 1,083 votes. In the first ward the nomination of Mr. B. C. Moore was very much a surprise.

The nominations yesterday bring about to a large extent a new alignment in the city affairs, for with the candidates nominated it is impossible not to give the majority to men who have not been in office. At least not for some years. And with the change it is regarded as a foregone conclusion that other changes will be made. The opinion prevailed last night that there was but little, if any doubt, about a change being made in the office of chief of police and it was also predicted that Joseph W. Little, Esq., would probably be a candidate for city attorney.

In no primary election held in Wilmington in ten years has there been apparently so little interest as in yesterday's election, but at the same time hard work was being done, but in an exceedingly quiet manner. It was very apparent that no money was being spent, for certain ones who are generally very much in evidence on elections when plenty of cash is being distributed were paying but little attention to what was going on at the polls.

At every voting place, however, were to be found business men working in a quiet and systematic manner and the result accomplished was one of the most surprising brought about in Wilmington in a decade. Excellent order prevailed throughout the city and, in fact, there was but little to show that an election was in progress. A few people were to be found gathered

INVASION UNWISE OPINION OF BACON

Declares Mexican Situation Has Not Reached Stage for Such Action.

A WHITE HOUSE CONFERENCE

President in Close Touch With Leaders at Capital—Says Congress Should be Allowed to Settle Question.

Washington, April 18.—"An invasion of Mexico designed for a limited and temporary purpose might be like touching a match to a tinder house."

Senator Bacon, of Georgia, ranking minority member of the Senate Committee on Foreign Relations, today thus epitomized the sentiment of leaders of both parties in the two branches of Congress. While recognizing the gravity of the situation in Mexico, Congress is satisfied that the President is doing everything that can be done under the circumstances and nowhere is there seen the slightest disposition to embarrass him or his programme.

It was learned at the close of a conference at the White House today at which were Senator Cullom, chairman of the Senate Committee on Foreign Relations, and Representative Sulzer, chairman of the House Committee on Foreign Affairs, that President Taft for the present at least, does not contemplate sending to Congress a special message dealing with Mexican affairs. The President, however, is keeping the leaders in both parties in Congress thoroughly acquainted with developments with the result that the closest co-operation exists between the capitol and the White House.

Senator Bacon, while admitting the situation was complex, was emphatic in declaring that the time for intervention not only had not arrived, but that up to the present nothing of serious enough import had occurred to warrant consideration of the subject.

"Our troops should not go into Mexico without the direction of Congress," he said, "armed invasion would be an act of war and Congress alone has power to declare war. I am entirely confident that the President will not order an invasion except under direction of Congress.

"I regard the situation as most delicate and embarrassing, because of the danger of becoming involved in a deplorable conflict with the people of another country and because of the importance of protecting our own people from such occurrences as those at Agua Preita.

"Under existing and threatened conditions very great caution is necessary to prevent embroiling this government in a conflict with the Mexican people. I do not think that anything less than the most extreme necessity would justify an invasion. The consequences would be far-reaching in many respects and the end no one could foresee.

Positive assurances that the Mexican government will adopt a "definite restrictive policy along the border," and news from Douglas that the rebel forces have evacuated Agua Preita, did much today to relieve the high tension under which President Taft and members of his official family have labored. The assurances from Mexico followed demands of the State Department that fighting which endangered American lives in the border towns must be stopped.

In the House today Representative Garrett, of Tennessee, offered a resolution directing the Committee on Foreign Affairs to investigate the Mexican situation with especial reference to conditions along the border.

Dispatches received at the White House this afternoon from Douglas indicate that the situation along the border is now quite satisfactory. A message from Governor Sloan, of Arizona, said in part:

"Good order prevails, and the situation is entirely satisfactory. Am satisfied Federals took reasonable precaution to prevent firing into Douglas during the fighting."

INCITING RIOTS CHARGED.

Officer in Wine Growers' Federation Arrested in France.

Ay, France, April 18.—The judicial authorities escorted by cavalry, today arrested LeCacheux, vice president of the Wine Growers' Federation, on the charge of inciting riots. LeCacheux was immediately conveyed by train to Rheims, where he was placed in jail.

The bold action of the authorities appears to have nonplussed the wine growers, as up to the present they have not attempted the violence which was threatened in event of the leaders being arrested and the few isolated attempts at demonstrations have been easily broken up by the troops.

WORKS OF ART DESTROYED.

Notable Paintings and Other Treasures Are Burned Near Brussels.

Brussels, Belgium, April 18.—The city hall at Schaerbeek, a suburb of the capital, together with its priceless works of art, including notable paintings, was destroyed by fire last night.

Two firemen were killed during a desperate effort to save some of the contents of the building. It is believed that the fire was of incendiary origin.

CONGRESSIONAL SIDELIGHTS

Kitchin Reading His Fellows Out of the Party—Wilmington Chinaman—To Have Republican Housecleaning.

Wilmington Star Bureau.
Congress Hall.
(By H. E. C. Bryant.)

Washington, April 18.—There is trouble ahead for somebody. Claude Kitchin read all the Democrats who voted against free lumber in the first Taft extra session out of the party Saturday and tied tin cans full of rocks to Representatives Gudger, Webb and Doughton, the three North Carolina House members who do not intend to vote for the Canadian reciprocity bill.

He has aroused the dander in the gentlemen from the ninth and tenth and made the representative from the eighth open his eyes wide like Brer' Toad. Mr. Webb does not like to be called a Republican. He is about to act like a come-back ball. Mr. Gudger has made a vow that he would answer Mr. Kitchin on the floor of the House. He intended to do it yesterday but did not have an opportunity. Mr. Webb says that Vance and Ransom helped to hold a duty of 20 per cent. on mica in the Wilson-Gorman bill. He likes the company.

The Kitchin speech was full of vim and vigor and it took the bark off of some of the boys. "Be sure your sins will find you out," is what he said.

Lee Ching, a Wilmington Chinaman, went to the old country to eat some chop suey and see the old folks. On his way back he was nabbed by the government officers and marked for deportation. It is charged that he never came right at first. Lee, or Ching, whichever he is called, has made money in North Carolina. He is said to be worth $25,000. Therefore, he does not want to go back to China to live. Thomas W. Davis, W. B. Cooper and J. H. Cowan, of Wilmington, are here to help him. They, accompanied by Senator Overman and Representative Godwin, called on the Assistant Secretary of the Department of Commerce and Labor for him yesterday.

A thorough and searching inquiry into the adminstration of the Postoffice Department is demanded in a resolution introduced in the House yesterday afternoon by Representative William Schley Howard, of Georgia. He charges intimidation of postal employes, coercion, and unnecessary surveillance.

Following the meeting in Speaker Clark's office on Saturday of the nine chairmen of the committees on expenditures in the nine executive departments, it was given out that these committees would institute inquiries into the methods of Republican housekeeping during the past 16 years.

The committee on expenditures in the Postoffice Department met yesterday morning at the call of Chairman Ashbrook and after conferring for about an hour decided they did not have authority under the rules of the House, known as Rule 42, to do more than inquire into expenditures.

Chairman Moon, of the House Committee on Postoffices and Post Roads, was asked if his committee would go into this subject. He replied that no investigation would be inaugurated in the absence of specific instructions from the House.

Upon the receipt of this information Representative Howard introduced his resolution. It charges inefficiency and incompetency to the head of the Postoffice Department; demands to know if railway postal clerks have been denied the right to organize for mutual protection and to affiliate with the American Federation of Labor; directs that the increase in the number of postal inspectors and private sleuths be probed and the purposes for which used, be inquired into; and finally, asks for information as to the report that the heads of the Postoffice Department have attempted to cripple the rural free delivery service and refused to follow the instructions of Congress embodied in appropriation bills.

The resolution directs that the committee have authority to compel the attendance of witnesses and the production of books and papers.

The action of the committee on expenditures in the Postoffice Department has led to an inquiry as to whether other similar committees will be restricted and circumscribed in the investigations they are to make. A resolution by Representative Hamlin, of Missouri, is now pending, which proposes to extend the authority conferred under Rule 42 and to confer the powers and privileges covered in the last paragraph of the Howard resolution on all investigating committees charged with the duty of probing the executive departments.

DEBATE ON RECIPROCITY BILL

Measures Will Probably Pass House Thursday—Democratic Leaders Prepared for Scheme of the Republicans.

Washington, April 18.—Democratic leaders are prepared for an attempt by some of the Republicans who oppose the Canadian reciprocity bill, to embarrass the Democratic majority in the passage of the bill by proposing as an amendment to it a section embodying all of the free list that the Democratic Ways and Means Committee has prepared as the first of the party's tariff measures.

Opposition Republicans have charged in the House that if the Democrats were in earnest to have this free list passed, they would offer it as a part of the reciprocity bill, so that President Taft could not find occasion to veto it even though it did not meet with his approval.

Chairman Underwood, of the Ways and Means Committee, is apparently proceeding on the belief that an amendment to tack the free list to the reciprocity bill will be offered when the bill comes up for passage. He said today that such an amendment would be at once ruled out of order, as could not be considered "germane to the bill" under the House rules permitting the offering of amendments.

An effort is to be made to wind up the open debate on the Canadian trade agreement tomorrow night. The bill probably will be brought up for final consideration, amendment, and passage Thursday.

Henry George, Jr., of New York, in his maiden speech in the House during the reciprocity debate today, proclaimed himself a free trader, and said he had aligned himself with the Democratic party because he believed it was the only great party that was "moving toward the light." He endorsed the Canadian agreement as tending toward freer trade, and believed that eventually the United States would have absolute free trade with the world.

His speech did not arouse any great enthusiasm on the Democratic side.

Representative Howland, of Ohio, Knop, of Wisconsin, and Gillette, of Massachusetts, spoke in favor of the agreement.

CAROLINIANS FOUND DEAD.

John Costello and Matthew McIntyre Victims in New Jersey.

New York, April 18.—Two men who had registered as John Costello, of Salisbury, N. C., and Matthew McIntyre, Harris House, Mt. Airy, N. C., were found dead from gas in a Jersey City hotel tonight. The men had registered at the hotel last night and occupied the same room. The police believe that death was accidental.

Waterbury, Conn., April 18.—An autopsy performed tonight showed hemorrhage of the brain caused the death of William F. Luke, the local boxer, who died today following his participation in a boxing match Monday night when he was almost knocked out. Joseph Slancy, Luke's opponent, and Daniel Buckley, the referee, are being held under $1,000 bonds, charged with manslaughter.

OUTLINES.

The insurrectos yesterday evacuated Agua Preita, the border town, which they recently took after a severe fight. The Federals have regained possession of the stronghold.——In memory of the unknown French soldiers and sailors who helped the 13 Colonies to gain their liberty, a statue was unveiled in the grounds of St. John's College yesterday at Annapolis——A proposition for an armistice pending negotiations for the settlement of Mexico's internal trouble was received at Mexico City yesterday, presumably from Dr. Gomez at Washington.——Franklin Bush was yesterday chosen president of the Missouri Pacific railroad, the Gould faction winning a victory——Representative Macon, in the House yesterday declared that the Mexican situation had not reached such a stage that would warrant intervention by American troops. New York markets: Money on call steady, 2 1-4 to 2 3-8 per cent., ruling rate and closing bid 2 1-4, offered at 2 3-8. Spot cotton closed quiet five points higher, middling uplands 14.90, middling gulf 15.15. Flour was moderately active with prices about steady. Wheat easy, No. 2 red 93 1-2 elevator and 94 3-4 f.o.b. afloat. Corn firm, export No. 2, 58 f.o.b. afloat. Oats spot steady, futures closed nominal. Turpentine easy.

A STATUE TO FRENCH HEROES

Honor Memory of Soldiers and Sailors Who Fought With 13 Colonies—Taft and Jusserand Speakers.

Annapolis, Md., April 18.—In memory of the unknown French soldiers and sailors who helped the 13 colonies to gain their liberty, a statue was unveiled here today in the grounds of St. John's College. The President and Mrs. Taft, Ambassador Jusserand, of France; Secretary of War Dickinson and Secretary of the Navy Myer, witnessed the ceremonies.

The President and the French ambassador spoke in memory of the brave deeds of unknown men who lie buried beneath the shaft and Miss Amelie de Pau Fowler, a descendant of the Count de Grasse and the Count de Chambrun, attache of the French embassy and a descendant of the Marquis de LaFayette, pulled the cords that drew back the flags from across the statue's face, while the student band played the Marseillaise.

President Taft spoke in praise of the unknown men and Amabassador Jusserand eulogized them for their willingness and eagerness to cross a sea which hundreds of them had never seen to fight under an alien flag, in a cause then uncertain, all for the principle of liberty. Following the unveiling the President reviewed the brigade of naval cadets. He returned to Washington tonight.

SECOND ATTACK ON SHIP.

Made by Flotilla of Torpedo Boats on Old Texas.

Norfolk, Va., April 18.—The second attack on the battleship San Marcos, formerly the Texas, by a flotilla of torpedo boats and a monitor, which was scheduled to take place off Tangier Island, where the old ship lies in the mud, has been postponed until the 24th inst.

It is stated that unless something now unforseen interferes with the arrangement on the date another spectacular battle scene will be enacted in the peaceful waters of Tangier Sound.

The monitor Tallahassee, formerly the Florida, which was herself the target for the great guns of the monitor Arkansas, and under which a torpedo was exploded in Hampton Roads three years ago, will do the heavy firing.

ELECTIONS IN ILLINOIS.

For First Time Under New Commission Form of Government.

Chicago, April 18.—An unusually large vote polled in numerous Illinois cities and towns when elections were held today for the first time under the new commission form of government is declared by advocates of the plan as indicating an increased interest in civic affairs by citizens.

Four Socialist mayors were elected—at Granite City, Grafton, O'Fallon and at Davis, in Stephenson county. Neither "wets" nor "drys" scored any decided victory.

Danville, Ill., April 18.—Mayor Louis Platt, running on a "regulate the saloons" platform, was defeated today by Will C. Lewman, the open town advocate by a vote of 2,814 to 2,647.

REPORT OF THE BATTLE.

Made Public by Mexican Embassy at Washington.

Washington, April 18.—The Mexican embassy today made public a report transmitted here of the battle of Agua Preita:

'Clearing up the battlefield today. It was evident that our troops probably killed nearly 200 men. We have captured 200 horses, 200 saddles, 200 rifles and 60,000 cartridges. Our troops lost 15 killed and 22 wounded. The rebels disbanded last night and it is believed 300 crossed the American line. The American authorities have arrested 11 rebels."

New York, April 18.—While writhing in the agony of hydrophobia tonight, seven-year-old Susie Mandoline, of North Bergen, N. J., broke from her mother's grasp and sank her teeth into Mrs. Mandolin's cheek and eye brow. The mother screamed in pain and the child fell back dead. Mrs. Mandoline will be brought to the Pasteur institute here for treatment tomorrow. The child was one of ten bitten by a mad-dog on January 3rd.

"Casey Jones."

Character song by Mr. Baldwin—Grand Theatre today. **

GOULD INTERESTS ELECT THEIR MAN

B. F. Bush Chosen Head of Missouri Pacific, After a Hard Fight of It.

BANKERS PROMPTLY WITHDRAW

Election Caused Friction — Former Governor of Missouri Loses—Bush Now President of Western Maryland.

New York, April 18.—Although recently forced out of the position himself, George J. Gould opposing the Rockefeller-Kuhn-Loeb interests, brought about the election today of B. F. Bush as his successor as president of the Missouri Pacific, defeating the opposition candidate, David R. Francis, former governor of Missouri. Mr. Bush is president of the Western Maryland Railway.

The victory of the Gould faction was followed immediately by the announcement of Kuhn, Loeb & Company's withdrawal as bankers for the system, and with the resignation of Paul M. Warburg, the company's representative on the board of directors and of Cornelius Vanderbilt, an ally.

George Gould and Kuhn, Loeb & Company issued statements explaining their side of the case, Mr. Gould regretting personally the withdrawal of Kuhn, Loeb & Company, but congratulating the road on the selection of Mr. Bush. Kuhn, Loeb & Company explained that they did not favor Mr. Bush and that because of his election Messrs. Warburg and Vanderbilt "unwillingly to share responsibility in the management of the company under these circumstances." Mr. Gould said that he was much influenced in his advocacy of the election of Mr. Bush by the results he attained in the management of the Western Maryland and by the esteem in which he was held by Rockefeller "who is so largely interested in Western Maryland, and who next to our family, is the largest stockholder in Missouri Pacific."

Mr. Gould stated further that the Kuhn, Loeb & Company's interests in the Union and Southern Pacific, competitive lines to the Missouri Pacific, made a continuance of the relationship as bankers unadvisable for the stockholders of the Missouri Pacific and the public. Referring to Kuhn, Loeb & Company's advocacy of Francis for the presidency of the Missouri Pacific, Mr. Gould said he felt that their influence was not helpful to the property and that Mr. Francis' efficiency as a railroad operator was not apparent to him.

Lack of experience in handling large properties and fear that he could not command the support of the banking community were given as the reasons for the opposition to Mr. Bush.

The Missouri Pacific was the pivot of an excited and demoralized market all day long.

Baltimore, April 18. — Benjamin Franklin Bush, president of the Western Maryland Railroad, who was today elected president of the Missouri Pacific Railway is 51 years of age and is a native of Wellsburg, Pa. Mr. Bush began his railroad career in 1882 as a rodman for the Northern Pacific.

St. Louis, Mo., April 18.—David R. Francis expressed surprise tonight when informed that Kuhn, Loeb & Company had nominated him for the presidency of the Missouri Pacific Railroad.

"If I was nominated for president of the Missouri Pacific," said Mr. Frances, "it was entirely without my knowledge or authority."

FOUR HURT IN ACCIDENT.

Prominent Residents of Franklin, Pa., Were Victims.

Franklin, Pa., April 18.—Four prominent residents of this city were seriously, but not fatally injured today when a railway motor car on the Franklin and Clearfield branch of the Lake Shore Railroad was wrecked east of here. The injured are J. French Miller, secretary of the Galena Oil Company, and son, of General Chas. Miller, face badly cut. Rufus Houghton, member of prominent railroad family, leg fractured. Richard J. Evans, general manager of the Franklin Manufacturing Co., head, face, tongue and body cut. Harry Hayden, sales manager of the same company, spine injured.

The men were on a pleasure trip. The motor car was running 25 miles an hour when a rod connecting the wheels snapped, throwing the four men with great force upon the rough roadbed. A special train, made up of a freight locomotive and the private car of H. E. Houghton, uncle of Rufus Houghton, brought the injured men to Franklin.

Galveston, Tex., April 18.—The first movements on land of the men from warships in Galveston harbor occurred today. Men from the Tacoma were landed and put through maneuvers and cross country marching.

Three of the Latest.

Big offering of pictures—Grand Theatre today. **

REBELS EVACUATE TOWN ON BORDER

Mexican Federals Regained Possession of Agua Prieta During Yesterday.

ANOTHER BATTLE EXPECTED

Watchers Surprised to See Rebels Move Out of Mountains Toward Town—Diaz Gives Out Report on Fight.

Agua Prieta, Mexico, April 18.—When darkness fell over Agua Prieta tonight it was undetermined whether the Federal troops of Lieutenant Colonel Diaz would retain undisputed possession of the city, which the rebels evacuated early today, of whether rebel reinforcements, appearing suddenly from the westward this afternoon would start another battle.

Watchers were surprised after a day of quietude to see a column of troops move out of the mountain passes 12 miles to the west of Agua Prieta and debouch on the plains in front of the city. It was at first uncertain whether this was a new rebel force or Federal reinforcements from Canaea. The doubt was soon dispelled. The column began riding rapidly toward the city. Soon glasses showed that the approaching force was insurrectos. A rifle fire fell shot to them. The column halted, seemingly surprised. Apparentlp the approaching rebels were unaware that the rebels had fled from Agua Prieta and that the border town was held by the Federals. Finally the column wheeled and started toward the mountains. Then it halted again, and then appeared at the mouth of the cannon from which the first troops had emerged, a second and longer column. This detachment moved slowly across the desert and joined the first. There were apparently more than 500 men in the combined columns.

Cowboys came in about this time and reported that the force was that of Juan Cabral, insurrecto leader of Sonora, who at different times in the last few weeks has wrecked much havoc on the Federal forces. With him, it was reported was the insurgent command led by Senora Talamantes, "Mexican Joan of Arc."

A Mexican insurrecto on foot crossed the line west of Douglas and surrendered to an American citizen. He said he was a member of Cabral's band, advancing from the west. He said Cabral had had no knowledge that the Federals had taken Agua Prieta and had been moving forward expecting to join the rebel garrison when he was fired upon. This rebel's horse was shot from under him while he was scouting far in advance and he escaped on foot to the American side.

The Federal forces in Agua Prieta took small notice of the column when it appeared. Their unsaddled horses remained tethered in the bull pen.

The rebels after uniting marched west parallel with the city limits, but evidently with no intention of approaching near enough to offer battle, at least before night.

When darkness fell it was impossible to make out whether the moving rebel column would come in contact with the Federal garrison or not. Questions as to whether the troops would go out and engage the rebel command were unanswered.

The Federals tonight brought into the bull ring at Agua Prieta 25 Federals wounded in yesterday's battle.

In official reports given out by Colonel Diaz, the total dead and injured in yesterday's battle, rebel and Federal was said to be about fifty, but it is believed that this figure is far too low.

From daylight this morning, nothing was seen of the rebel troops, which vanished before dawn from Agua Prieta. They fled, following the exhaustion of their ammunition in yesterday's battle. A portion of the command was disorganized and is scattered in all directions. The greater part, however, moved away in considerable disorder with the promise shouted across the line to the American sentries that they would be back in a few days to finish it out. The Mexican government troops moved into the abandoned city with the first streaks of dawn and took possession. Their maneuvers, designed to draw the fire of the rebels, tended much to exhaust the rebels ammunition and to decide the contest.

The ports of Agua Prieta and of Douglas were formally declared pone today with the re-occupation of Agua Prieta bp the Federals. No deaths among the wounded in the hospitals in Douglas were reported during the day.

Balsario Garcia, who fled across the line last night and gave himself up to the American officers, declared today that the surrendered because his men were not obeying him. He was not in command of the entire rebel force he said, but was ranked by Colonel Luis Medina. The latter, who also had fled across the line, has given no reason for his desertion except that the evacuation of the town

Boston, April 18.—Philadelphia won a heavy hitting game from Boston today 10 to 9. Boston tied the score in the sixth, but lost in the eighth when Goode dropped Knabe's easy fly, allowing Dooin to score.

Boston .. ..201 033 000—9 17 2
Philadelphia ..333 000 010—10 13 2

Mattern, Partsons and Rariden; Rowan, Stack, Brennan and Dooin. Time 2:12. Umpires Johnstone and Eason.

Cincinnati, April 18. — St. Louis played its third tie game of the season today being even with Cincinnati when darkness ended the game at the conclusion of the tenth inning. Fromme pitched almost perfect ball until the eighth when two bases on balls, a single and a hit batter netted St. Louis one run.

Cincinnati .. 000 001 000 0—1 7 1
St. Louis ....000 000 010 0—1 4 0

Fromme, Burns and McLean; Harmon and Bresnahan. Time 2:28. Umpires Finneran and Rigler.

AMERICAN LEAGUE.

Results Yesterday.

At Washington, 2; New York, 0.
At Philadelphia, 5; Boston, 13.
At Detroit, 5; Cleveland, 1.
At St. Louis-Chicago, wet grounds.

Standing of the Clubs:

Club:	Won.	Lost.	P. C.
New York	4	1	.800
Detroit	5	0	1.000
Washington	3	2	.600
Cleveland	2	4	.333
Boston	2	3	.400
Chicago	2	3	.400
St. Louis	2	4	.333
Philadelphia	1	4	.200

Washington, April 18. — Hughes held New York to four scattered hits today and as a result Washington scored a shut-out 2 to 0. Vaughan was hit hard, but saved a larger score by effective work with men on the bases. Hughes' batting and a catch of a difficult fly by Milan were the features.

Washington .. .000 101 00x—2 12 2
New York .. ..000 000 000—0 4 1

Hughes and Street; Vaughan, Quinn and Sweeney. Time 1:55. Connolly and Mullen.

Philadelphia, April 18. — Boston won today's game here by scoring thirteen runs in the seventh and ninth innings. Morgan went to pieces in the seventh. Five singles, an error and two men being hit by pitched balls, seven runs resulting.

In the ninth Collamore gave three passes, and triples by Gardner and Williams and Yerkes double scored six more runs. A feature was a triple by Collins with the bases full.

Boston... .. .000 000 706—13 10 0
Philadelphia ...100 000 040—5 9 4

Wood and Carrigan; Morgan, Collamore and Livingston and Lapp. Time 2:05. Umpires Evans and Egan.

Detroit, April 18. — Detroit knocked Kaler out of the box in the first inning and defeated Cleveland 5 to 1. Gregg, who replaced Kaler pitched splendid ball, allowing but one hit until the eighth inning. Lajoie was ejected from the game in the second inning by Umpire Sheridan for disputing a decision.

Cleveland .. ..001 000 000—1 7 3
Detroit .. ....500 000 00x—5 8 0

DAVIDSON DEFEATS CAROLINA.

Four to Nothing the Score at Durham Yesterday—Home Run.

(Special Star Telegram.)

Durham, N. C., April 18.—Davidson defeated Carolina here this afternoon by the score of 4 to 1. Until the sixth neither side had reached third but in that inning Carolina made a run, aided by a sacrifice and a hit. In the seventh with two out, the bases filled, Tabor, for Davidson, knocked a home run and won the game. No scoring was done after the seventh inning. The game was a beautiful exhibition throughout and was witnessed by a large number of Durham citizens and scores of students from the University.

HIGH SCHOOL GAME.

Phenomenal Contest Between Wilson and Rocky Mount.

(Special Star Correspondence.)

Rocky Mount, N. C., April 18.—The baseball team from the city High School returned last night from Wilson where yesterday they were defeated by the High School team there by a score of three to nothing, in one of the prettiest played games of the season with either club. It was a pitchers' battle in which the odds favored Farmer, the twirler for the Wilson students, and he performed the unusual feat of allowing not a single hit during tne nine innings, while the game was itself phenomenal in that Gardner, the twirler for the students from this city, allowed only two hits, and these in no measure contributed in the three runs made against him. For high school baseball this is an unusual feat.

INVITATION TO PUGILISTS.

To Gather for Tournament at National Sporting Club.

New York, April 18.—A general invitation to all "pugilistic white hopes" to gather for a tournament at the National Sporting Club of America in this city on Friday, May 26th, was issued by Manager Tom O'Rourke tonight.

The invitation is addressed to all white men weighing over 190 pounds and standing six feet high, who aspire to the world's championship now held by Jack Johnson. It is hoped that the tournament will bring to light some man of ability, who with proper training could take the title from Johnson.

VIRGINIA AN EASY MARK.

Pennsylvania Won By Score of 8 to 0 at Charlottesville.

Charlottesville, Va., April 18. — Pennsylvania shut-out Virginia today 8 to 0. Clark, of the Pennsylvania team, was in splendid form and held the Southerners to two hits, both made by Captain Hume. Virginia's fielding was poor.

Pennsylvania ..220 202 000—8 6 1
Virginia .. ....000 000 000—0 2 9

Clark and Cozens; Witmer, Goodhue, Finlay and Anderson.

FIRST GAME ELIZABETH CITY.

Opening of Tidewater League Season in Carolina Town.

Elizabeth City, N. C., April 18.—The opening of the Tidewater League season was observed as a holiday here and this afternoon the largest crowd that ever witnessed a ball game here saw the local club defeat Suffolk 13 to 3.

Manager Guihen's batting with two doubles and two singles in five times up was a feature.

WOULD KILL LABORERS.

Second Attempt to Murder Crowd of Italians Yesterday.

Danville, Ill., April 18.—News reached here this morning of the second attempt in two days to murder a crowd of Italian railroad laborers employed by the Chicago and Eastern Illinois railroad, near Villa Grove, Ill.

Early Sunday morning a stick of dynamite was placed under a car in which they were sleeping and the explosion badly shattered it. At about the same time Monday morning there was another explosion which threw men from their beds, broke window glass and did other damage.

It is believed Greek railroad laborers are responsible for the explosion.

MINE EXPERIMENTS.

Data Wanted for More Adequate Protection of Miners.

Washington, April 18.—A government operated mine to be run not for profit but to obtain scientific data will begin operations about May 1st, when the new experimental coal mining plant at Bruceton, Pa., near Pittsburg, is opened.

Scientific men and mining experts will experiment under actual mining conditions to obtain for the United States Bureau of Mines information which they hope will be useful in the prevention of such terrible loss of life as took place at the Pancoast mine at Thropp, Pa., the Banner mine at Littleton, Ala., and in the disaster at Cherry, Ill.

SIX ARE KILLED BY FATHER

Wife and Four Children are Shot Before Man Ends His Own Life.

Youngstown, Ohio, April 18.—Paul Rickert, aged eight, and Raymond Rickert, seven, died today from injuries inflicted last midnight by their father, Grant C. Rickert, making six lives the toll of his murderous fit of insanity.

Rickert took his own life by shooting after he had killed his wife and daughters, Charlotte, aged eleven, and Helen, aged fifteen. His son Edwin escaped from the father, who had struck him on the head with an axe, and will survive.

BUSEY TO CHARLESTON.

Former Wilmington Pitcher Goes to The "Sally League.

(Charlotte News.)

Harvey Bussey, the "quiver' ball artist who failed to retain his berth with the Washington Americans, has signed a contract to work for Charleston in the Sally League.

Bussey left Washington a few years ago and went to the Virginia League. He was afterwards drafted by the Southern and later sent to the Majors. He first started with a "spitter," changing this to what he termed a "knckle" ball and this year sallied forth with a thing he called the "quiver" ball. It was his claim that the ball would not revolve in the atmosphere but would come sailing up around the batter's neck in fast style and would suddenly "quiver." This peculiar quiver was intended to make the batter quiver, it was supposed, and there would never be a hit made.

But Bussey did not stay in the Majors. He may use that quivering process down in Charleston, where the Sea Gulls stand for most anything. Bussey is a good pitcher, though, for he did some splendid work for Danville, in the Virginia League, being the real cause of the championship going to the Bugs.

Last season with Danville he won 23 games and lost but five. In fielding he made only one error in 34 games and acquired an average of 990. His work with the Washington club during the Spring training at Atlanta has been high class and at one time it looked as if he might earn a place on the National's regular pitching staff.

The acquisition of Bussey makes Ransick's pitching staff very strong. In War Saunders he has a heady pitcher and one that is sure to shine in the Sally League. Saunders is of the Jack Lee type of pitcher, always outguessing the batter. Bobby Vail is another heady pitcher and a twirler with much natural ability. Cliff Averett is a promising young pitcher and is almost sure to stick with the Sailors. Dailp and Hirschauser are two more good boxmen. From these six slabmen the Sailor skipper will be able to select a most capable pitching staff. Indeed, his quartet of slabmen should be second to none in the league.

BALLOT BUYING SCANDAL.

Special Committee Makes a Report in New Jersey.

Trenton, N. J., April 18.—The special assembly committee appointed to investigate the election in Atlantic county last November reported to the House today that it found there was false registration, illegal voting and purchase of votes, and that election officers of the county failed to do their duty. It is estimated by the committee that from the testimony taken there were approximately 2,000 illegal registrations and 1,000 illegal votes.

The report states that the testimony of the six hundred witnesses heard, has been submitted to the proper officers of Atlantic county for legal prosecution of the offenders and that the committee says, it is assumed that these officers will do their duty.

It is stated in the report that the office holders in Atlantic county were required to contribute to the Republican campaign fund, and the committee further states in the report it is satisfied "that the misconduct and corruption hereinbefore set forth whether or not it was in obedience to the instructions of the leaders of the political party in power in Atlantic county at least could have been prevented by them and to that extent they are chargeable with the responsibility therefore."

GO INTO LIQUIDATION.

Bank of Lamar Decides to Quit Business—Expects to Pay Deposits.

Darington, April 17.—At a meeting of the directors of the Bank of Lamar, at Lamar, Darlington county, held today, it was decided to go into liquidation. It is believed that with careful management and by avoiding the costs of bankruptcy proceedings, the depositors may be paid in full. Dr. James A. Cole, lately the president of the bank, tendered his resignation last week.

W. W. Davis, who was the cashier, resigned a few days before the bank failed to open its doors for business. It is not likely that there will be any payments before collections are made in the Fall.

No one was elected presiden to take the place of Dr. Cole, nor was any cashier elected.

EQUITABLE LIFE MEETING.

Edwin M. Robertson, of Columbia, to Attend Important Session.

Columbia, S. C., April 18.—Edwin W. Robertson leaves this afternoon for New York to attend the meeting Thursday of the board of directors of the Equitable Life Assurance Society, of which he is a member.

The committee on nominations is expected to report a candidate for president, President Paul Morton, deceased.

THE CORDIAL INVITATION

which this Bank extends to you now to place your funds in our keeping, and to transact with, or through, this bank whatever business you may have that comes properly within the scope of modern Banking, is based on both its ability and disposition to render you.

Safe and Satisfactory Service.

The Southern National Bank

DROPS DEAD ON STREET.

Wealthy Resident of Sioux Falls Expires on His Way to the Polls.

Sioux Falls, S. D., April 18.—Soon after leaving home this morning for the purpose of going to the polls and voting, Mose Kaufmann, a wealthy resident of Sioux Falls, dropped dead on the street.

A few years ago Mr. Kaufmann's wife was the defendant in a sensational case in which she was charged with murdering her 16-year-old girl servant.

TWO-AND-A-HALF-CENT COIN.

Texas Congressman Wants to Have the New Piece Authorized.

Washington, April 18.—Every American woman who loves the bargain counter and with joyful anticipation reads "reduced from seventy-five to thirty-three-and-one half cents a yard" will be interested in a bill introduced in the House of Representatives by Representative Sheppard, of Texas, providing for the coinage of a two-and-one-half-cent piece.

ALCOHOL LAMP.

Bath Room Fire May Cause Woman's Death.

Charlotte, N. C., April 17.—While attempting unaided to extinguish a fire which resulted from the explosion of an alcohol lamp in her bath room at the Selwyn Hotel in this city this afternoon, Mrs. James W. Conway, wife of the Southern manager of the General Fire Extinguisher Company, was so severely burned that she is at a late hour tonight in a very critical condition.

Columbus, Ohio, April 18.—The Supreme Court today decided in favor of the Union Ceral Life Insurance Company of Cincinnati in the case brought by the Attorney General to prevent the company from distributing the stock issue $400,000 of their surplus funds among the stockholders. The Attorney General contended that the money belonged to the policyholders and not to the stockholders.

BOATS AND HOUSES BURNED.

Two Hundred Racing Shells in Ashes, Total Damage Being $100,000.

New York, April 18.—"Scullers row" on the Hudson river, was swept by fire early today. Four boat houses were burned with their contents, including nearly 200 racing shells and two other boat club structures were damaged.

The loss, it is estimated, will exceed $100,000, and the burning of the shells may cause the abandonment of some of the regattas scheduled for the season.

The fire started in the Nassau Club house and spread along the river front gutting the building where it originated, and the boat houses of the Harlem Rowing Club, Metropolitan Rowing Club and the Wyanoke Club.

$750,000 FOR THIS UNIVERSITY.

Ernest V. Cowell Bequeathes the Large Sum to California.

San Francisco, April 18.—By the will of Ernest V. Cowell, which was filed in the probate court here yesterday, the University of California is given three bequests of a total of $750,000.

The bequests are for a hospital, a student gymnasium and an athletic stadium, each to cost $250,000. Cowell who died here on March 18th, left an estate of about $1,000,000.

ANNUAL MARATHON RUN.

Probably 150 Athletes to Compete in the Boston Contest.

Boston, April 18.—The field of long-distance runners that will start at noon tomorrow at Ashland for the 15th annual Marathon run of the Boston Athletic Association, is not quite as large as last year's record-breaker, yet when the cooks closed today 137 names were on the pages, and mail entries probably will swell the number to 150 or more.

New York, April 18.—Packey McFarland, the fast Chicago lightweight, won all the way in his ten-round fight with Tommy Murphy, of Brooklyn, at the Fairmont Athletic Club tonight. The Chicago boy outboxed and outfought Murphy.

UNLIKE ANY OTHER

One secret of Monarch superiority lies in the wonderful responsiveness of its key action. In no other typewriter in the world do the keys so readily yield to the slightest touch of the finger.

That is why the Monarch is easier to operate than any other writing machine.

That is why it wards off fatigue and saves nerve-strain on the part of the stenographer. In consequence, her work is more accurate, greater in quantity than it is possible to obtain with any other writing machine.

MONTHLY PAYMENTS.

Monarch Machines may be purchased on the Monthly Payment Plan. Send for Monarch Literature. Learn the many reasons for Monarch superiority. A post card will bring full information.

AFFAIRS AT STATE CAPITAL

State News of Interest at Raleigh—Municipal Primary Vote—Target Practice—Joint College Debate—Blockading.

(Special Star Correspondence.)

Raleigh, N. C., April 18.—Deputy State Commissioner of Insurance W. A. Scott has gone to Wadesboro to take a hand in the prosecution of a negro charged with burning the dwelling of another negro against whom he had a grudge. The prisoner is a "South Carolina negro" and is said by the prosecution to be a bad fellow.

Today while one of the local delivery wagons of the Southern Express Co., was delivering packages in the central part of the city someone stole a box containing a lady's hat valued at $50. The police have not as yet been able get a clue.

Capt. T. B. Parker, in charge of the Boys' Corn Club division of the State Department of Agriculture, says that the indications now are that the number of boys enlisted in this contest for 1911 will very much exceed the number last year when there were 1,154 in 74 of the counties of the State. He has already enrolled a number of boys in counties that were not represented last year and looks like every county in the State will be represented this time. Capt. Parker is also in charge of the farmer's institute work and says the interest in these is steadily increasing. Some scattering sinstitutes are being held now, the season being too busy with the farmers for much effort in this direction. However, regular series of the institutes will be held for several weeks beginning about the middle of July. Capt. Parker left today for Jacksonville, Fla., with a view to profiting by the discussions that are to take place there in the Southern Educational Conference on problems and improvement of country life.

In Wake Superior Court here Dr. A. W. Goodwin has withdrawn his suit instituted some months ago against Dr. Joel Whitaker and Dr. A. W. Knox for damages on account of the two physicians having pressed the charges more than a year ago against Dr. Goodwin as to unprofessional practice in diagnosing and treating patients that brought about his suspensinon from the Wake County Medical Society for six months and his expulsion from the Raleigh Academy of Medicine.

Preliminary target practice on the rifle range here was in progress today in preparation for the competitive shoots for the Third Regiment teams Wednesday and Thursday. Each of the companies of the regiment has a team of nine men here for the contest. They are Lexington, Raleigh, Henderson, Louisburg, Oxford, Franklin, Reidsville, Warrenton, Burlington, Weldon, Thomasville, and Durham. Also there is a team from Greensboro representing the Coast Artillery. The first teams to arrive were Lexington and Thomasville, they having come in last night. The others came in during the forenoon. A second medal is just announced for the shoot, to supplement the Gen. B. S. Royster medal for the highest score of any individual in the brigade. The second is by Col. W. L. McGhee, commissary general, and is for the highest individual record.

Deputy Collector Adams of the Internal Revenue Service, says he has averaged seizing three blockade stills per week for several weeks now and that the indications are that he will maintain some such a record for some time to come from the way information is coming in as to material to work on. He says blockading has for a long while been confined to some remote and more inaccessible sections but that it is spreading into all parts of the State now with remarkable rapidity. He believes blockading has multiplied several times of late and that it is getting at the same time to be more and more difficult to get up with the blockaders actually at work. They dodge about and have friends on the alert so that by the time officers get in their vicinity the still disappears and evidence as to the identity of blockaders is hard to obtain. He says the officers, however, keep hammering at the situation and he believes they will be able before a great while to cope more fully with the sittation.

There is great enthusiasm here among friends of Wake Forest College over the final victory won last night over Davidson in the series of debates for the silver cup that was offered by the Raleigh Chamber of Commerce for the best two out of three debates. Two years ago it was won by Wake Forest, last year by Davidson and now Wake Forest has won the final debate and takes the cup for "keeps." The query debated last night was: "Resolved, That the United States Should Fortify the Panama Canal," Wake Forest taking the affirmative. J. Ben Eller and S. C. Hilliard were the Wake Forest debaters, and James Allen, Jr., and M. S. Huske, for Davidson, supporting the negative. Here as judges were Rev. Howard Doundthaler, Winston-Salem; Dr. M. M. Kinnard, Salisbury, and Rev. Thomas G. Faulkner, Greensboro.

There is a charter issued today for the Hollywood Creamery, Roseboro, Sampson county, capital $1,000 by M. M Hall and others.

The official canvass of the Raleigh Democratic primary results today shows ex-Mayor James I. Johnson restored to the mayorality by a vote of 1,055 to 756 for Mayor J. S. Wynne. The vote two years ago when Wynne defeated Johnson was 1,303 for Wynne and 639 for Johnson. As reported last night the "good government" wing of the party won five of the eight aldermen, practically all the other city officers going to the Mayor Johnson, or old so-called 'machine wing" of the party, especially notable being the restoration of Thomas Badger as police justice. Alexander Stronach defeated him two years ago in the sensational campaign in which mutilation of the records of the police court as kept by the police justice, and chief of police Mullin figured in turning the tide overwhelmingly for the good government forces. In winning five of the aldermen in the present fight the "good government" forces really retain to a very large extent the control of city affairs.

VETERANS' ANNUAL REUNION.

General Julian S. Carr Issues General Orders to N. C. Division.

Headquarters North Carolina Division
United Confederate Veterans,
General Order No. 43.
Durham, N. C., April 10, 1911.

Paragraph 1. The twenty-first annual reunion of the United Confederate Veterans will be held at Little Rock, Ark., on the 16th, 17th and 18th of May, 1911, and the public-spirited citizens of that city and State promise that it shall be the most enjoyable that has ever yet been held, and are preparing in every way possible for the comfort and pleasure of all veterans who may attend. It is hoped that a large delegation will attend from this State and enable our good old State to be represented in a manner worthy of her glorious war record.

Par. 2. Army tents have been kindly loaned by the United States government and will form the camp in City Park, where will be lodged and fed free all veterans who cannot pay for their entertainment, but all such veterans must notify in advance Mr. B. L. Roberts, chairman of the encampment committee, so that accommodations may be reserved for them. The railroad companies have given the usual low rate of one cent a mile for all persons who may attend the reunion. The exact rate from any station may be learned by inquiring of the local agent. The rate from Raleigh is $19.90, and in proportion from other places.

Par. 3. All camps in arrears for their dues are earnestly urged to pay the same at once to Gen. W. E. Mickle, 824 Common street, New Orleans, otherwise they will not be entitled to any vote or voice in the meetings at the reunion. This is a most important matter and should not be overlooked by any camp.

Par. 4. This division is fortunate in having as its sponsor for this reunion Mrs. Sidney P. Cooper, of Henderson, and Miss Julia Cooper as maid of honor.

By order of Major General
H. A. LONDON, J. S. CARR.
Adjutant General and Chief of Staff.

COLUMBUS COUNTY NEWS.

No Important Cases in Court—Big Land Deal—Other Notes.

(Special Star Correspondence.)

Whiteville, N. C., April 18.—Only a few minor criminal cases have as yet been tried at our court. It is thought the criminal docket will be wound up by noon tomorrow.

The little child of Mr. Homer L. Lyon is very low with measles. He has with him a physician and trained nurse from Wilmington.

One of the largest chicken farms in this section is located near Chadbourn, in Columbus county, and owned by Mr. R. K. Moore. He has now 240 hens, from which he gets 208 eggs a day, and 1,600 broilers. Last week he shipped 400 broilers in one lot to Norfolk, Va. Mr. Moore has only recently started up his chicken farm and says by next Spring he intends to have 10,000. He has ordered a 2,000-egg incubator. He is raising only the leghorn breed of fowls, and will make a specialty of selling eggs, as he says there is no money in raising chickens for market.

The Columbus Baptist Union will be held with the church at White Marsh April 29th and 30th.

An important land deal has been made near Clarendon and which means much for Columbus county. After spending several weeks here looking after the interest of his company, Mr. Edward Lucas returned to his home in Minneapolis, Minn., last week. He, with his brother, J. W. Lucas, and Mr. John Lane, all of Minneapolis, Minn., have bought the 7,000-acre tract of land lying west and northwest of Clarendon, of the Koch Colony Comapny. It is not known just what this new company intend to do with this property, but it is thought that it will be developed and colonized.

MISS BERTHA SPELL'S HEALTH

Was Greatly Improved—After Fever Had Run Her Down—By Cardui the Woman's Tonic.

Rosedale, Texas. — Miss Bertha Spell, of this city, contributes an interesting letter on her experience with that famous woman's tonic, Cardui.

She writes: "I had fever for forty-eight days and when I got up my feet were swollen and I had some womanly troubles.

"I had read so many testimonials about Cardui, that I decided to try it, so I used six bottles and it straightened me up."

Not only when you are seriously sick, and suffering agonies from female complaint, as some women do, is it the time to take Cardui, but also when your sickness has gone and you need something to "straighten you up.

This is the time to take a tonic and for a woman what better tonic could there be than Cardui, the woman's tonic?

Thousands write, as Miss Spell did, to tell how Cardui helped them.

Try it for your troubles.

NOTE—The Cardui Home Treatment for Women consists of Cardui ($1), Thedford's Black-Draught (25c.), or Velvo (50c.), for the liver, and Cardui Antiseptic (50c.). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

WILMINGTON PRESBYTERY.

Notes From Black River Group of Churches—Installation.

(Special Star Correspondence.)

Atkinson, N. C., April 18.—We had present on last Easter Sunday, at South River church, a good congregation. Being Easter Sunday, we considered the Resurrection as a fact, the Resurrection as essential to all Gospel. There were added to our number at this service, three by profession of faith and one infant was baptized. We praise God for the spirit of loyalty manifested on the part of our good South River brethren in the Lord's work at this place.

The installation services of Rev. E. B. Carr as pastor, and Mr. William Devane and Mr. Dudley Shaw as deacons of Harmony church, will take place on next fourth Sunday morning, at 11 o'clock, Rev. P. L. Clark to preach the sermon and charge the pastor. Dr. G. F. Lucas to charge the people. Miss Norma Black, of Ivanhoe, has consented to play the organ on this occasion, and also, as far as possible, she has consented to act as organist at Harmony church every fourth Sunday morning until other arrangements are made.

On next fourth Sunday evening at 4 o'clock Rev. E. B. Carr will be installed as pastor of Black River church, by Rev. B. L. Clark, and elder, Dr. G. F. Lucas.

A sermon and a number of Sabbath School addresses will be delivered at Woodland school house on next fifth Sunday. The services will begin at 10 o'clock and close at about 4 o'clock. We most cordially invite the community at large to come and bring dinner. We especially want to see as many as possible of all denominations within the bounds of Black River group of churches be present with us. Brethren, don't bring too much fine eatables, but bring a plenty of good substantial food, such as cabbage, peas, potatoes, corn bread, pork, pickles, dumplings, milk and a few gallons of good coffee, and many like things that is plenty good enough.

Sincerely, E. B. C.

TRAVELING TIGER.

Periodical Visits to Rocky Mount Brings Him to Grief.

(Special Star Correspondence.)

Rocky Mount, N. C., April 18.—Yesterday Policeman J. M. Reams turned over to Sheriff Johnson, of Nash county, Will Wilkins, colored, who is without a doubt, the most notorious vicuitor of the prohibition law that Nash county has been yet called upon to deal with. The negro was taken in this city, by Policeman Taylor Saturday night, and it was upon instructions of Sheriff Johnson that he be held. The negro has paid fines and served jail and road sentences for his operations in whiskey selling around Spring Hope, and his final disposition so it was believed was about a year ago when Recorder Austin, of Nash Recorder's court ruled that if he would stay out of the State for two years a sentence of two years with the county road force would be suspended. The negro consented and left the State for Virginia.

For several nights past, or at least every other Saturday night, for the past several months, the police have been noting an unusual large number of drunks in a certain section of the city and there was no clue as to where the whiskey came from. The police got busy on the matter and found that a negro filling the description of Wilkins was spending Saturday and Sunday in these parts, coming in from points in Virginia with one and two suit cases. On Saturday night the police, aware that he was the negro that had been conditionally turned loose in Recorder's court, arrested him and incidentally found in his possession 20 quarts of whiskey. The negro will no doubt be sent with one of the road districts of the county to serve his two years.

Midnight in the Ozarks.

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

EATS WHAT HE LIKES AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasner of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured. Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary reliefs. Syrup Pepsin will cure you permanently.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, April 19, 1911.

Know your town so you can introduce those who would like to make another acquaintance worth knowing.

Oh, you Charlotte-to-Wilmington Highway! Long delay superinduces cold feet, so let's get up and take a running start.

The worse seems to be forever coming. Peace among men seems to be a theory that explodes with a loud noise in the limelight of current events.

It may be all right for the Mexicans to play at the game of insurrection, but they had better stop batting the ball over the border line.—Charleston Post.

Why should that California preacher have shied a song book at a sleeping member of his congregation? The only time some men are good is while they are asleep.

When the negro moves into an exclusive white locality in the North they buy him out, but things are conducted on a more economical basis down South.—Washington Post.

A fashion writer says the night-cap is coming into vogue again. Some people wear night-caps while others swallow them. They are two of the same name but different in kind. It is quite likely that some folks will use both kinds.

The Daughters of the Revolution are holding their 20th annual meeting in Washington this week. What if they do have their little differences? They came from fighting stock. At the same time the old man's at home laughing to himself.

The Denver News says Senator Guggenheim, of Colorado, "won't seek a re-election." If he doesn't it will be a sad blow to the financial prospects of many political wire-pullers in Colorado. Wire-pulling stock seems to be on the decline since Lorimer made it dangerous.

Don't let Democrats fall out about reciprocity with Canada. Reciprocity is Taft's life preserver and no Democrat should go to the bottom in failing to catch on to what the President's last hope means. At present, reciprocity sounds big but Democrats should not fall out over sound.

In an editorial in today's Star we mention a new crop possibility of the tuber family. This gives us the optunity to urge our people to pay more attention to new crop possibilities, for there are numerous valuable farm and horticultural products that should be introduced in North Carolina.

The mayor of Charlotte will simply have a smile Blandly at what the paragraphers have to say about his election to the highest position in the gift of the Queen City. Since Dr. Bland is a dentist of established reputation no one need have any fear that he will fail to "fill" his position to the best of his ability.

The dispatches from Washington have an omnious significance the past few days. The situation in Mexico is grave and the eventualities may at any moment compel the United States to enter upon a course of intervention that evidently would mean a war of no mean proportions, fraught with the inevitable destruction of the amicable relations of our American republics. Let us hope that no such calamity is impending. Our dream of closer relations with the Latin republics would go glimmering under the shadow of the hand of inexorable fate.

ABOUT THE DASHEEN.

The dasheen is not the name of an automobile nor is it a kind of bloodhound or sheep-killing dog. The dasheen is a tuberous agricultural product with constituent qualities similar to the potato. In the Saturday Evening Post, under date of Philadelphia, April 15th, we find an exceedingly interesting article concerning the dasheen, and we think when our people in eastern North Carolina learn something about that product they will make up their minds that the dasheen is a good thing and that we should give it a trial.

The dasheen appears to be a new food product of which we know nothing, and we have no doubt it will furnish something excellent for the table as well as prove to be a superior stock feed not to mention the possibilities which its production may develop. As to its gastronomic qualities, the Saturday Evening Post says this:

"The event of the recent annual dinner in Washington, District of Columbia, of the National Geographic Society, was the ushering into the gastronomic world of a new debutante, the dasheen, which was served stuffed in place of the orthodox potato. The cordial welcome given to this new arrival by the 500 guests present at the dinner has a distinct economic significance to the proprietors of Eastern lands, from the Gulf to the Potomac, that are too wet for anything but ducks and rice.

"The dasheen is a tuber of chemical content similar to that of the potato, and it has for many centuries been a staple crop and article of food in China, Japan, the Pacific Islands, Africa and the West Indies. It is a legitimate relative of the tropical taro, and also of our own jack-in-the-pulpit, and our ornamental plant, the caladium, or elephant's ear.

"In appearance the dasheen resembles an undersized cocoanut, having a similar reddish-brown color and a coating of fine, short, hairy fibre. The tubers average about the size of a duck's egg and are attached to a central root stalk, which also can be eaten, though it is not of so delicate a texture.

"But the tongue presides over a higher court in judging of a new vegetable than does the eye. One may view with unfavorable prejudice the rough red coat of the dasheen, but at the higher tribunal of taste the dasheen wins a handsome verdict of approval. Bake and butter a dasheen and a potato, take them spoonful for spoonful, and you are reminded first of solid cream and then of the milk from which the cream has been skimmed.

"If you form a composite mental picture of the following random impressions of the dasheen gathered at the Geographic Society dinner, the result will be an appetizing prospect of what is to come in the way of gastronomic enjoyment when the dasheen crop is large enough to supply all: "Artichoke flavor"; "like salsify"; "sweet potato without sugar"; "half way between a sweet and a white potato"; "a sort of gamy potato"; "texture mucilaginous"; "reminds me of a potato cooked with cheese"; "decided improvement over potatoes grown on river bottom land."

Evidently the dasheen will appeal to many an appetite if it tastes like all those things. At any rate it seems to be endorsed by the epicureans of the National Geographic Society. The fine thing about the dasheen is that it appears to be a product for which our Southern lands and climate are particularly suited. The Saturday Evening Post article tells us that "it will grow anywhere that it finds a rich, wet, loamy soil, but it is better adapted to the South where the growing season is at least six months long."

Stick a pin right where mention is made of the "long growing season" in the South, for in that one particular North Carolina and other Southern States have the advantage over all agricultural regions in close touch with the civilized world. That is the reason Southern agriculturists can grow a greater variety of products than can be grown elsewhere, and that in production we get the best quality because the long growing season gives us the suitable period for the full development and maturity of numerous farm products. It establishes the South's undisputed supremacy in agriculture, and the condition which particularly and specifically emphasizes the South's productive adaptabilities is that the Southern States can grow practically everything grown in any other region and at the same time produce scores of other money products that cannot be grown elsewhere. Bluntly stated, the South has a monopoly in some of the world's most valuable products, while equaling, if not actually surpassing, all other regions in the production of crops common to most countries. Let us arouse ourselves to a full appreciation of this tremendous advantage of the South and pound it into all the known world that North Carolina's agricultural superiority is because of the great asset which it has in ideal climate, invariability of seasons of moisture and sunshine, and in its soil variety and splendid transportation facilities for reaching markets supplying 30,000,000 of people within less than a day's reach of this superb region.

We couldn't help drifting away from the dasheen for the while, but we go back to that subject in order to call attention to the fact that eastern North Carolina's wet lands are ideally adapted to that product. It is said the dasheen will endure more standing moisture to better advantage than any other edible root crop. This product served at the Washington banquet was grown at Gough, South Carolina, on land only five to eight feet higher than the Cooper river, which flows near-by. It is said that during the rainiest part of the Summer, water laid over a portion of the field more than a week. The yield was from four to seventeen pounds to the hill, or, estimated by the acre, about ten to twelve tons—from 250 to 300 bushels. If we did not consider the dasheen for its value for human food such a production as that on lands otherwise useless, it would seem that it would be a most economical stock feed and material for the manufacture of starch.

The starch content of the dasheen is said to be slightly larger than that of the Irish potato, and in that particular it may be considered for its starch manufacturing possibilities. However, it is further said that a point in its favor, as compared with the potato, is that, while the starch content is greater, the starch grains are much finer, giving the dasheen the advantage of digestibility. As to its food value and its place in our agriculture, the Saturday Evening Post says:

"The commercial prospects of the dasheen are signified by the fact that two large metropolitan hotels have entered orders for as large a portion of the 1911 crop as can be spared. It is then up to the Southern farmer whether or not a new world shall be added to the cookbook and a new friend given to hungry man."

How does that appeal to you? It certainly looks good to us.

OUR COUNTRY, 'TIS OF THEE.

The Star glories in the "superlative condition of mind" prevailing among Americans, South and North. That was a happy inspiration which spontaneously came to President Taft when he was introduced to the reception given to the Daughters of the American Revolution Tuesday evening in Washington where that great society of magnificent American women is holding its 20th annual convention.

The occasion was a reception given by Mrs. Matthew T. Scott, president general of the organization, tendered by her to the visiting Daughters from the various States of our Republic. Mrs. Scott introduced President Taft as "the greatest ruler of the greatest nation in the world," adding that the Daughters of the American Revolution is the "greatest organization of women in the world."

That gave President Taft a fine opportunity to say: "I am glad to see you in such a superlative condition of mind. It is a manifestation of that spirit which you now properly restrain and only let out in moderate expression, which has been handed down to you from your ancestors."

The superlative condition of mind peculiar to the Daughters of the American Revolution is but an indication of the intense patriotic spirit of American women—the greatest women of the world. We speak in the superlative degree, too, for the grandest, the noblest, the bravest and the loveliest women of the universe are the women who are our mothers, our wives and our sweethearts. They but breathe the spirit and courage inherited from the fathers who battled for liberty and who founded the great Republic which appeals to our pride and swells our hearts with the love of it.

So long as our men and women, North and South, love "the greatest nation in the world," there will be no decadence in patriotism. That glorious nation was founded on patriotism and so long as that inherited patriotism lasts the perpetuity of the United States of America is assured.

If you do not love your country and your flag, the glorious emblem of liberty and independence, get you some love and bequeathe it to your descendants. "Our Country, 'Tis of Thee We Sing!" You know the rest.

"THE GOLDEN SILENCE."

The Star, with the compliments of Messrs. C. W. Yates & Co., booksellers, of Wilmington, has received a copy of the new novel under the title of "The Golden Silence." The book is by C. N. and A. M. Williamson, and it it the last of their production of a dozen books which have attracted wide attention and universal appreciation.

The scene of "The Golden Silence" is laid in Algiers, and naturally it is identified with the strange and entrancing situations which occur in the land of the Arabs. The book gives us an extraordinary romance and it is notable for its adventure, humor, philosophy and tragedy. The production is given with all the cleverness and versatility of the Williamsons and it is the masterpiece of their gifts in story-telling. It is illustrated in colors by George Brehm, and story and pictures hold the reader enchained from start to finish. The price of the book is $1.35 and is on sale at C. W. Yates & Co.'s.

CURRENT COMMENT.

As the chauffeur of a steam roller, Chairman Underwood makes Frank Hitchcock look like a mere novice.—Washington Post.

Representative Kitchin, with a reciprocity paddle, whacked the seat of the protection pantry Saturday, with no gentle hand.—Charleston Post.

Mr. S. H. Farrabee has resumed his former position with The Raleigh Daily Times as city editor, succeeding Mr. W. N. Keener, who is now manager of the Asheville Journal. Mr. Farrabee was with The Times for several years, leaving here to accept the editorship of the Winston Journal. For the past year he has been with The Record, of Columbia, S. C., resigning there to return to Raleigh. Mr. Farrabee needs no further introduction to Raleigh, and the readers of The Times. They will all join us in giving him a welcome "back home."—Raleigh Times.

The Kitchin blood was in evidence in Congressman Claude Kitchin's reciprocity speech, Saturday. There was more Simmons than there was reciprocity in it. Mr. Kitchin's speech was an able one, delivered with much vigor and might have been more effective had there been less personality about it. His attack on Simmons is likely to be construed by the people of this State as the opening gun in the campaign for that Senator's seat. Under the circumstances Mr. Kitchin might have done well to have left out any reference to Mr. Simmons' position on reciprocity. By no means did he help his own cause, or that of his brother, Governor Kitchin, by the devotion he paid Simmons. Mr. Kitchin may not have meant it in that way, and we do not say that he did. What we do say is that it will be so construed by many people in North Carolina and its effect will be beneficial to Simmons. Nor did Mr. Kitchin benefit by his rather caustic allusions to the position of Congressmen Webb and Gudger. All three—Simmons, Webb and Gudger—may be wrong in their position on Canadian reciprocity (and we believe they are), but why make war on them? Would it not be better to give them credit for honesty and conscientiousness, just as we know they would be willing to do in the case of Mr. Kitchin? We cannot rid ourself of the idea that Congressman Kitchin, spoiled by too much personality, too much impetuousness, what was otherwise a brilliant speech.—Charlotte Chronicle.

"Co-operation among the strawberry growers and truck producers of North Carolina," says the Wilmington Star, "is not a combination in restraint of trade. It is not a combination even to control prices, but it is co-operation with a view to bring about wise distribution of products, so that the markets shall not be glutted to the detriment of the growers." Theoretically this point would seem to require no discussion, as its truth is obvious; but from a practical standpoint the impending dissolution of the truck growers' organization in eastern North Carolina makes the expression of especial timeliness. Under the economic organization now obtaining distribution is a factor of prime importance. It cannot be denied that great combinations of capital have found it possible to fix prices arbitrarily in this and that market, but this is no equivalent to saying that the law of supply and demand has been chronicled. The truckers cannot possibly secure normal prices for their products if they ignore this law. Yet without an organization which is in a position to keep the entire market under its eye the glutting of one market and the "starving" of another is not easily to be prevented. The few shippers who by chance have used the good market will reap a golden harvest, but the majority of their brethren whose short-sightedness has glutted the other will do well to cover express and freight charges. Such a situation must necessarily be of frequent occurrence as long as each trucker hoes his own row without reference to the others. Under an alert organization it is practically unknown. The sooner the tremendous importance of business-like distribution is thoroughly realized by the truckers, the better it will be for the success of the industry.—Charlotte Observer.

AVIATOR AT ASHEVILLE.

Lincoln Beachy Made Three Flights. In Air 15 Minutes.

Asheville, N. C., April 18.—With ideal weather conditions Lincoln Beachy, the aviator, successfully accomplished three aviation flights at Beaver Dam, three miles from this city, this afternoon in the presence of several thousand spectators.

With the ease and grace of a feathered flier from the Baird Meadows, Beachy made his first flight at 3:30 and skirted the mountain peaks of the Blue Ridge at an altitude ranging from 1,000 to 15,000 feet, which added to the 2,400 feet elevation from whence he started, make a total of 3,900 feet.

The aviator remained in the air for 15 minutes on the first flight and landed without mishap at the starting point. The other ascents were made with equal success. Beachy used a Curtiss biplane, the exhibition being conducted under the auspices of the local Board of Trade.

SHIPMENTS OF BERRIES.

Now Through Rocky Mount in Car Lots—Y. M. C. A.

Rocky Mount, N. C., April 18.—Shipments of strawberries from Eastern Carolina have started northward and the first car passed this city Sunday morning, and was iced at the icing station at South Rocky Mount. Since Sunday there have been a few additional shipments and possibly one or two cars, but the crop is going North very slow just at present, due to the fact that berries are not ripening, though it is thought that the present warm weather will cause the crop to ripen rapidly and the shipments north will be handled through in large quantities within the next several days.

Mr. H. M. Finch has been named as the secretary for the Y. M. C. A. in this city and it is expected that he will arrive within the next several days to enter upon his new duties.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at R. R. Bellamy's.

Stylish Millinery

"This Hat just suits my face,", a remark frequently heard in Rehder's Millinery Department, and it is true. The hat that makes a woman look her best is here. Lots of other hats here would not, but they would just suit other faces. Catch the point? Diversity of style, treatment to suit types of faces.

Rehder's Hats are becoming as well as faultless in style, differentness and individuality are characteristics that bring charm to Rehder millinery.

An especially good showing in hats at $5 and $6.

Ready to wear and tailored hats, also the new turban, black, navy, red, burnt and black and white combination special at $1.98.

Misses' and Ladies' trimmed for Easter, a big variety at $1.50, $2.50 and $3.50.

Special Easter Hat for children at 50c.

16-button length Silk Gloves, black and white at 98c

2-clasp Silk Gloves, black and white, extra nice quality silk, at 48c

2-clasp white Kid Gloves, guaranteed at $1.00

Fancy Parasols, silk, linen, or mercerized top, all of the new styles and best of its kind, 98c to $4.98

Correct Shoe styles for men, the Crawford "with that cushion look", $3.50, $4.00 and $5.00

Misses' and Children's patent leather slippers, white slipper, tan slippers, with hose to match.

Boy's wash Suits, all colors and white, 50c to $1.50.

J. H. Rehder & Co.
THE POPULAR DEPARTMENT STORE

Boy's Blue Serge Suits, $3.50 and $5.00; Knickerbocker Pants, 25c to $1.50.

CHURCH DISPUTE UP AGAIN.

Incident at Norfolk Creates Considerable Comment.

Norfolk, Va., April 18.—In the Episcopal church controversy here growing out of the high church ritualisms inhibited at Christ Church, by Bishop Randolph, the bishop today held that his previous "godly admonition" and injunction against the intoning of the service, etc., must stand, but that if the rector, Rev. Dr. Steinmetz, wishes to take up individual features of the matter he will hear these and give separate rulings thereon.

Among the high church features which had been in vogue at Christ Church was the burning of candles on the altar.

A feature of the controversy was the declaration today by Rev. Father John J. Doherity, pastor of St. Mary's Catholic church, and the leading Roman Catholic here, that Bishop Randolph, being clothed with full powers to construe and enforce his construction of the rubric of the Episcopal church, was right, and if he (Doherity) had written to his bishop such a letter as Rev. Dr. Steinmetz wrote to Bishop Randolph he would have been suspended. Dr. Steinmetz's letter referred to the bishop's "godly admonition" as "summary and brutal action" and hoped God would forgive the bishop for his "despotism and tyranny." Father Doherity said all who were not willing to abide by the instructions of Bishop Randolph were invited to join the Roman Catholic church.

"I never heard of this fangdangled doings in the Episcopal church before," said Father Doherity. "They should come over and join the Catholic, where they rightfully belong. Give them an invitation for me to join the Catholic church."

Bishop Randolph today wrote Rev. Dr. Steinmetz accepting his second and full apology as complete and ample. This however, settles only the personal references between the bishop and the rector.

SERIES FATAL ACCIDENTS.

Twenty-Seven Killed by Trolley Cars Since First of Year.

Philadelphia, Aprjl 18.—The fact that 27 children have been killed here by trolley cars since the first of the year, the latest victim today being Margaret Mitchell, aged six years, has led the various civic and other organizations here to call a mass meeting to take steps to compel the street railway company to install adequate safeguards on the cars. A committee is to be appointed to protect and guard against the large number of deaths to children to defective fenders and wheel guards.

MEN'S STYLES IN THE FASHION CENTRES.

In the fashion centres, haberdashers, famous for smart styles are featuring the close-front collar. They say that the demand for this collar increases every day and that their critical customers are not inclined at all to favor the suggestion of any other style.

While everyone admitted the effectiveness of the close-front the day that it made its appearance, its popularity began in earnest when the makers of the LION collars adopted the "slip-over" buttonhole that you can button in a second. The only close-front that you find this feature in is the ALCO, which also has that other exclusive LION collar feature, the patented "lock-front" that can't spread.

DAVID'S

YOU will find when you come to do business here, that this store offers you some things that are worth a great deal to you, and that don't cost you anything.

HART SCHAFFNER & MARX

clothes are one advantage. When you buy these clothes you know what you're getting; you don't need to ask about quality, style or tailoring. A second point is that your satisfaction is guaranteed or money back.

There are other things here besides merchandise; we mean to serve our customers, not simply wait on them. We mean to do it better than it was ever done before; better today than yesterday; help a man buy what he wants not merely try to sell him what we want him to want. There's quite a difference, you see; we hope you'll see the difference here.

Fine suits in grays, browns, tans, blues; new color decorations, new weaves, new styles. The Shape-Maker for young men; the 'Varsity and others for all of you; $18.00 and up.

Wm. E. Springer & Co.

VERDICT FOR THE PLAINTIFF

Six Hundred Dollars Given in Lula Russ Case—Damage Suit Against Telephone Company for Removal of Telephone.

After being out for several hours, the Superior Court jury yesterday afternoon in the case of Lula Russ against the Wilmington Steam Laundry returned a verdict giving the plaintiff $600 in addition to any payments heretofore made. The case was given to the jury shortly before noon. The next case for trial was that of J. W. Carmichael against the Southern Bell Telephone and Telegraph Company.

For a damage suit remarkably fast progress was made in the examination of the witnesses in the Carmichael case. Not until court convened for the afternoon session did the hearing of the evidence commence, but all of the witnesses had testified when court adjourned for the day and this morning the attorneys will address the jury.

The plaintiff sues for $1,000 damages for removing a telephone from his residence after he had paid the amount demanded as rental for the said telephone, as he alleges in his complaint. It is claimed that plaintiff was notified that his telephone bill was due and that he went to the office of the defendant corporation and paid the bill, amounting to $4.50, but a few days later was again informed that if he did not pay his bill his telephone would be removed, it being stated that he had not paid the entire amount due but only $1.50. It is alleged that at the time plaintiff could not find his receipt and that his telephone was removed and after remaining out for two days $3 was paid under protest in order to get it installed again. The complaint furthermore alleges that the telephone was removed wilfully and maliciously.

For the wilful and malicious removal of the telephone, for the damage to the plaintiff's credit in the community and the mortification and wounding of his feelings, plaintiff asks for damages in the sum of $1,000.

After the controversy relative to the payment of the telephone bill Mr. Carmichael found his receipt which is for $4.50 and the same was placed in evidence yesterday and also the one for $3.00, which he was compelled to pay in order to get his telephone re-installed. Mr. Carmichael went upon the stand and related the circumstances connected with the case.

The defendant company alleges that the telephone was only removed after the plaintiff failed to pay the amount due and if a receipt was given showing $4.50 had been paid it was a mistake as only $1.50 was in reality paid; that the telephone was removed in the usual manner and only after ample time had been given to pay the rental due.

Mr. R. L. Boyd, formerly superintendent of the Bell Telephone Company in this city, but now a district superintendent with headquarters in Albany, Ga., was here as a witness in the case. He was one of the most important witnesses for the defendant as he gave the order for the removal of the telephone. He stated that he knew only what the books showed. Mr. Murray, formerly with the telephone company here, and who had charge of the collection department at the time the misunderstanding occurred, and now a student at the University of North Carolina, testified as to his connection with the matter. He stated positively that only $1.50 was paid.

The jury in the Carmichael case is composed of the following: John W. Robinson, Albert Solomon, I. C. Pickett, R. T. Sinclair, C. W. Bishop, C. McD. Jones, W. J. Kirkham, W. B. Munroe, F. S. Garrison, T. E. Davis, H. S. King and M. Marshburn.

Immediately after court convened yesterday afternoon, a divorce suit was tried, that of Helen C. Covington against Louis M. Covington. An absolute divorce was granted on Biblical grounds. Hon. John D. Bellamy was attorney for the plaintiff. The suit was not contested.

Judgment of dismissal was entered in the case of Alexander Sprunt & Son against F. Brock, and non-suit was entered in case of R. T. Anson against W. J. McDiarmid.

The next case to be tried will probably be that of Alexander Sprunt & Son against C. C. May. This is a cotton contract case. Col. P. M. Pearsall, of Newbern, and Mr. Warren, an attorney of Trenton, are both here in connection with this case and one of a similar nature against J. J. Simmons.

A NOVEL INTRODUCTION.

Dr. Howard Co. Makes a Special Price

The Dr. Howard Company have entered into an arrangement with J. Hicks Bunting's drug store, by which a special introductory offer will be made of 25 cents on the 50 cent size of their celebrated specific for the cure of constipation and dyspepsia.

Headaches, coated tongue, dizziness, gas on the stomach, specks before the eyes, constipation and all forms of malaria and liver trouble are soon cured by this scientific medicine.

J. Hicks Bunting Drug Co., has been able to secure only a limited supply, so everdy one who wishes to be cured of dyspepsia or constipation should call upon them at once or send them 25 cents by mail and get 60 doses of the best medicine ever made on this special half price introductory offer, with their personal guarantee to refund the money if the specific does not cure.

Charged With Larceny.

Outside of several drunks, there was but little doing in the Recorder's court yesterday. Rosie O'Grady, a white woman, was before the Recorder under an indictment charging her with relieving a white man by the name of Key of $40. The case was continued until today. Nothing was done in the case of Louis McDonald, charged with an assault upon John Whitfield with a deadly weapon, as the Whitfield negro is still in the hospital in a dangerous condition. It was stated at the hospital last night that Whitfield had regained consciousness and his condition was somewhat improved as compared to the previous night.

THE CHOCOLATE SOLDIER.

Subscription List Will be Opened for Mammoth Production.

Will Wilmington folks get an opportunity of seeing the great comic opera, "The Chocolate Soldier"? It all depends how generously and in how large numbers the amusement public responds to the present call for an expression of opinion in a substantial way.

As noted yesterday, a subscription list will be opened, the object being to get enough subscriptions to seats to satisfy the Academy management that it would be justified in giving the attraction a big guarantee to come to Wilmington in May. So stupendous and so brilliant is the attraction that it will not come without a big guarantee and while the Academy management believes that an audience sufficiently large to make up the guarantee will attend, yet it wants to feel that the amusement public will meet it half way. Henee, the object of the subscription lists, which will be started on their rounds in a few days.

"The Chocolate Soldier," has established theatrical records in more than one way. As Mr. Whitney had eagerly grasped at it as a composition of the musical wonder-worker, Oscar Straus, two years before it was presented abroad, the generally unknown work was presented in New York to about the smallest beginning remembered for operetta, but so great became the enthusiasm of the first night audience, the theatre was sold completely out for four weeks ahead in the next two days and so continued until the end of the run. Its instant popularity even survived the bugbear of the theatrical producer—a change of theatre in the middle of a run—for by the arrangements made long before, "The Chocolate Soldier" made its first bow at the Lyric Theatre, was soon forced out to the Herald Square, back again weeks later to the Lyric, and after exhausting all possible time there, was driven to the Casino to stay for the remainder of the season quite as if it was not the most affluent baby of the theatrical year.

FIFTH STREET M. E. CHURCH

Beautiful and Inspiring Service There On Easter Day—Collection.

The Star on yesterday morning spoke only briefly of the splendid services of Easter Day at Fifth Street M. E. Church, Rev. G. T. Adams, pastor. Rev. Mr. Adams has taken a very strong hold upon his congregation and the services indicate what a great work he is doing. At the morning service Sunday, Mr. Adams received 56 young people into the church and several additional by letter or certificate. The Easter offering for Conference collections amounted to over $800, the full amount of all the assessments and some to spare. Since he became pastor of this congregation last December there has been an addition of over 130 to the membership and 200 is expected by the end of the conference year. The attendance upon the regular services of the church, morning and evening, has doubled, the Sunday school has increased in interest and attendance and this has been true of all the other societies of the church. All this, too, has been accomplished without any formal revival or outside attendance. The members of the church are delighted with their pastor and he with them. It was a happy combination well met when the appointment was made by the Bishop at the last conference.

JESSE W. GRAY DEAD.

The End Came Early Yesterday Morning—Confederate Veteran.

Mr. Jesse W. Gray, aged 73 years, died yesterday morning a few minutes after 4 o'clock at his home, No. 714 South Second street. His health had been very poor for some time past and the end was not unexpected.

Mr. Gray was a carpenter by trade and was held in high esteem by those who knew him. He is survived by two daughters, Mrs. J. H. Brown, of Wakulla, Fla., and Mrs. H. L. Sanders, of this city, with whom he made his home, and one brother, Mr. Joseph Gray, of Delgado. He was a Confederate veteran and belonged to the Third North Carolina cavalry. Mr. Green was a native of Onslow county.

The funeral was held yesterday afternoon at 2 o'clock from the residence and the service was conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, of which Mr. Gray was a member. The pallbearers were, Gen. James I. Metts, Messrs. Daniel Page, S. J. Jewett and I. J. Scott.

The remains were carried to Hampstead yesterday afternoon on the 3:30 train and laid to rest in the family burying ground.

FIRE OCCURRED ON DREDGE.

Only Slight Damage—Mud Scow Was Destroyed—Fire Boat Ashore.

Fire of unknown origin on the dredge Sweringer, docked near the wharf of the Hammer Lumber Co., across the river from Market street, burned a pile of rubbish on the deck yesterday afternoon, but otherwise the damage was of little consequence. The dredge is owned by the Bowers-Southern Dredging Co.

An old mud scow, which has been out of use for some time, formerly used in government dredging work on the river, was destroyed by fire yesterday and it is presumed that the scow was set on fire by sparks from a passing boat. The fire boat responded to the call for assistance and in attempting to reach the burning scow was caught on a sunken boat at the scene of the fire and held fast. The boat had to remain there until high tide before she could be floated.

AS USUAL.

The Mutual Benefit Life Insurance Company, of Newark, N. J., represented by Mr. A. S. Holden in this city, was the first to pay their policies to the beneficiary of William Goodman. These policies had received by Dividends an additional insurance of over 27 per cent. besides paying him in cash dividends of 30 per cent. This is a purely mutual company, 67 years old and writes the most liberal contract known to the insurance world. A word to the wise, etc.

Mr. Baldwin.

Will sing two songs today at the Grand Theatre. **

NOTES OF THE Y. M. C. A.

Regular Meeting of Directors—Boys' League Being Formed.

The regular meeting of the Board of Directors for the month of April was held last night in the Directors' room. Those present were President Akerman, Dr. J. H. Dreher, Messrs. W. W. Koch, J. W. Simpson, J. T. King, L. W. Moore and General Secretary Huntington. The reports of the several committees were very encouraging, progress being reported along every line. Bible study and extension work has been growing steadily. Associate Secretary Bowden's resignation was acted on and the president asked to express the regrets of the board at his leaving; also their congratulations as he enters a larger field.

At the call of Secretary Huntington a large number of boys met in the boys' room to discuss the forming of a Junior baseball league. All present were very enthusiastic and anxious to have organized ball for boys 18 years and under. Three clubs were represented at the meeting. The Junior Baracas, of Grace Church, the All Stars and the Y. M. C. A. It was decided to ask one other club to take a berth and to play a double-header every Saturday afternoon. Other games may be played after 6 o'clock, later, when the days get longer.

A PENDER PRODUCT.

Shipment of Berries by Mr. A. Bowen Brings High Prices.

The Star several days ago made mention of the shipment of berries by Mr. A. Bowen, of Montague, N. C. In a letter from the Philadelphia house to which the berries were consigned, the commission merchant states: "It was without a doubt the finest crate of berries we have ever seen and we realized 45 cents per quart for them. We trust you will be able to give us a steady supply of these berries, as we know we can do well on them for you." Mr. E. D. Pearsall, of Rocky Point, writes with reference to the shipment: "This berry is strictly a Pender county production from best seedlings. Mr. Bowen has been experimenting with them for the past three years and has brought it to perfection."

FUNERAL OF MISS LIPPITT.

Remains Arrived Last Night—Committal Service at Oakdale.

Accompanied by members of the family and friends, the remains of Miss Thalia F. Lippitt, daughter of the late Mr. and Mrs. John E. Lippitt and who passed away in New York Sunday night, arrived in Wilmington last evening and were taken to Saint James' Parish House. The full choral funeral service was held in All Angels' Church, New York City, of which she was a member, and the committal service will be held at Oakdale cemetery in this city at 10 o'clock this morning.

Charged With Serious Crime.

John Brown, a negro employed at the Armour Fertilizer Works, was arrested yesterday upon a warrant charging him with embezzling something over $100. The trial was begun before Justice George Harriss but, after hearing the testimony of several State's witnesses the case was continued until Thursday in order to give the defendant time to get certain witnesses. The officials of the Armour Fertilizer Works contend that Brown collected money while out delivering goods and failed to turn it in. In default of bond in the sum of $200 Brown was committed to jail.

Died at Town Creek.

Mrs. Jane Mills, of Town Creek, passed away yesterday morning at 11 o'clock. She is survived by her husband and three sons. Mrs. Mills was a consistent member of the Town Creek Baptist church and the funeral will be held from that church this afternoon at 3 o'clock and will be conducted by Rev. A. W. Clemons.

BIG LOAN TO CHINA.

From Powers Combined In Opposition to Japan and Russia.

Tokio, April 18.—Special dispatches published here quote the financiers, who have been responsible for this successful conclusion of the $50,000,000 loan to China at Peking as saying that the finances of Manchuria and Mongolia have been pledged as securities for the new loan, thus indicating that the four powers, the United States, Great Britain, France and Germany, have combined in opposition to Japan and Russia. This has caused an outcry by the anti-government newspapers.

The Peking reports, it is believed, are intended to create the impression that the United States' determination to secure the loan was purely a political movement, as against Russia and Japan, intended a a means to secure the neutralization of Manchuria. Japanese officials and financial circles, however, discredit the Peking reports.

The $50,000,000 loan to China by a group of financiers representing the United States, Great Britain, France and Germany, was signed at Peking on Saturday. According to the terms of the agreement as announced the loan is secured by the provincial revenues. This would exclude Manchuria and Mongolia, from responsibility in the loan, contrary to the Peking dispatches published in Tokio.

THE WAR IN MOROCCO.

Attack on Cherada Tribesmen—Routed by Sultan's Troops.

Fez, Morocco, April 18.—Capt. Bremond, commander of the Sultan's troops, made an attack on April 13th, on the Cherada tribesmen, completely routing them, killing 40 and taking 80 prisoners.

All around Fez tribesmen under different rebels orders are stationed and owing to the closing of the lines of investment about the city provisions are scarce. Many residents of Fez are idle, misery and discontent are rampant and it is feared that serious troubles within the walls will result. The situation is very disquieting to the authorities.

—Yesterday while cranking his automobile, Mr. Marshall Starkey had his right arm fractured just above the wrist. He had turned too much spark on before cranking the machine.

PRIMARY ELECTION PASSED QUIETLY

(Continued from Page One.)

around the voting places, but the carriages and automobiles that are usually seen scurrying back and forth were not in evidence, except where some candidate was making the rounds—endeavoring to find out how the voting was going, but nothing further could be learned than the number of votes cast. It was very apparent that no money was being expended.

The contest in the Fourth ward was more spirited than anywhere in the city, and the vote was very generally distributed. It had been the general impression that Alderman Yopp would certainly be in the race on May 1st., but Mr. P. Q. Moore defeated him by 29 votes.

Under the commission government law the Board of Canvassers of New Hanover county are required to receive the vote from the different wards, and this was done by the board last night. At 12 o'clock today the various registrars will meet and canvass the vote, the registrars composing the City Board of Elections, and the vote will then be turned over to the Board of Aldermen. There were no contests whatever.

A warm fight is looked for in the regular election of May 1st, and in nearly every ward the outcome is regarded as doubtful, especially after the surprises of yesterday. The opinion prevails that the race for Mayor will lie between Mr. Joseph D. Smith and Mr. M. G. Tiencken, the leaders in yesterday's race.

CHARLOTTE REALTY CO.

Charter Granted Yesterday—Thomasville Station—Drunk.

(Special Star Correspondence.)

Raleigh, N. C., April 18.—A charter was granted today for the City Realty Co., Charlotte, capital $50,000 by J. H. McAden, T. C. McAden and S. Y. McAden for real estate and brokerage business.

There was presented to the Corporation Commission today a contest from Thomasville between citizens and the Southern Railway over the specifications for a new passenger station for that town. The railroad company had prepared plans for a station that complaining citizens believe includes too small a waiting room for the white people. Mayor Burgen was here before the Commission in the interest of the citizens and the interests of the Southern in the mater were represented by General Superintendent Hutchings, of Greensboro. The Commission will make an order later.

A good-looking stranger some 30 years old, well dressed in a light Spring suit and white cap, stirred a sensation at the union station this afternoon by resisting interference by a police officer when he tended to make himself objectionable through intoxication. The struggle progressed until a couple or so heavy men in the crowd were pressed into service to aid the officer in managing the prisoner. Then a hurry call was sent for the "Black Maria" and when it came there was a really fierce struggle before the fellow was securely "caged" and driven to the police station. There he refused to give his name. He had a goodly sum of money on his person. He was stored away to sober up without any development that indicate his name or destination.

LEGISLATOR THREATENED.

Echo of Recent Fight Over the New York Senatorship.

New York, April 18.—An interesting echo of the recent Senatorial fight at Albany was heard last night during the dinner of the St. Nicholas Society at Delmonicos, when William Church Obborn, legal adviser of Gov. Dix, declared in an address that one of the Democratic legislators had been threatened with death unless he changed his vote.

Mr. Osborn did not name the legislator, remarking, however, that the man hod "stuck to his guns." "He told me," said Mr. Osborn, "that his conscience would not let him vote the other way."

INQUIRY IS COMPLETED.

Charges of Rev. O. R. Miller, of Civic League, Investigated.

Albany, N. Y., April 18.—Investigation of the charge made recently at the Methodist conference at Saratoga by the Rev. O. R. Miller, of the New York Civic League, that a $250,000 fund had been raised to force a Sunday baseball bill through the Legislature, was concluded by the Senate Committee on Privileges and Elections tonight.

It is understood that the committee will inform the Senate that no evidence has been adduced to support the charge.

CHINESE MUCH WROUGHT UP.

Alarmed at Reports of Japanese Plans for Seizure of Manchuria.

Amoy, China, April 18.—The Chinese populace is greatly wrought up as a consequence of the publication by the local press of the frequently recurring rumor that the Japanese plan the seizure of Manchuria and Fukien province in which this city is situated.

Yesterday the local self-government societies assembled in mass meeting to devise means for the defense of the country.

—The regular meeting of the Board of Audit, which should have been held last night, was postponed until Thursday night. The meeting on May 2nd will be the last held by the Board.

He knows the eyes best who has studied optics as a science, and we are experts in the business. We examine eyes free of charge. For the adjustment of exact lens to suit the individual sight we charge only moderately, and hence enjoy popularity. Young and old of either sex invited to come and have their eyes tested. Our optical goods are first-class in every particular. Dr. Vineberg, the eye specialist, 25 years' experience, at Masonic Temple. **

JOHN'S ISLAND ACTIVITY.

Plenty of Life in the Old Land Yet. Personal Mention.

John's Island, April 18.—The congregation of the John's Island Presbyterian church enjoyed very much a sermon preached on Sunday by the Rev. T. D. Johnson, of Aiken, who stayed over from the meeting of the Presbytery at Rockville. The "fresh water" preachers seemed to enjoy being on the "salt," and will doubtless return to their various charges reinvigorated and full of "fire."

At a recent meeting of the township board the Hon. Jos. S. Hart was elected chairman. The present board starts off with between four and five thousand dollars to be expended on roads and bridges; not a bad showing for old "John Island," is it? It is only a question of a short time when our wooden bridges will be a thing of the past. Another thing to show that "old John Island" is on the move, is that we will have our own boat at the races at Rockville this summer, and James Island, Wadmalaw and Charleston will have to look to their laurels. Another thing, this boat will be built strictly by native talent.

Mrs. K. S. Legare, of Mullet Hall, is on a visit to relatives in St. Louis, Mo.

The weather is delightful, making the old feel young and the young younger.

BOSS COX'S OPPONENT LOSES.

Supreme Court of Ohio Refuses Application of Prosecutor.

Columbus, Ohio, April 18.—The Supreme Court today refused the application of Prosecutor Henry T. Hunt, of Cincinnati, to file a petition in quo warranto against Judge Charles J. Hunt, of Cincinnati, with regard to the trial of George B. Cox, the Cincinnati politician, in this court.

Prosecutor Hunt charged prejudice against Judge Hunt, and the Circuit Court held against Hunt and he appealed. Cox, after many legal entanglements, got his case before Judge Hunt for trial on the charge of perjury.

COTTON MILLS TO CURTAIL.

Many Fall River Mills Closed Down Yesterday.

Fall River, Mass., April 18.—Many cotton mills in this city were shut down today. Work will be resumed next Monday morning, but it is possible that most of the coarse goods mills will continue on a short time schedule, probably closing Thursday night and re-opening the following Monday. Some of the companies, however, will continue on full time.

Burlington, Vt., April 18. — The Chace cotton mills will be shut down next Tuesday night and will remain so until business improve.

SEABOARD IMPROVEMENTS.

Bids for Equipment Totaling $2,500,000 at Norfolk.

Norfolk, Va., April 18.—The Seaboard Air Line Railway received bids here today for equipment totaling something like $2,500,000 and including 1,000 box cars, 200 all-steel phosphate cars, 30 cabooses and nine passenger coaches. More than three score representatives of railway manufacturing supply concerns were here. Figures, however, will not be made public until April 27th.

Sioux Falls, S. D., April 18.—Soon after leaving home this morning for the purpose of going to the polls and voting, Mose Kaufmann, a wealthy resident of Sioux Falls, dropped dead on the street. A few years ago Mr. Kaufmann's wife was the defendant in a sensational case in which she was charged with murdering her 16-year-old servant girl.

USED MAILS FOR FRAUD

Charge Against U. S. Berger Arrested at Savannah.

Savannah, Ga., April 18.—Following the arrest of J. S. Berger here by postoffice inspectors, who charge him with using the mails to defraud by advertising that he is showing here the "world's greatest aviators," the defense has announced tonight that it will present a long list of witnesses tomorrow to be subpoenaed. The list includes Attorney General Wickersham, Major General Miles, Assistant Secretary of War Oliver, the Wright Brothers and Glenn Curtiss, aviators.

They will be asked to testify as to the merits of the aviators.

THREE DEAD IN AUTO WRECK.

Five Other Negroes Injured When Machine Runs Into Pole.

Johnstown, Pa., April 18.—Three negroes, one a woman, were killed and five, also one a woman, were injured early today in an automobile accident while returning from a dance.

The machine, running 50 miles an hour, skidded, jumped into a pavement and ran into a telephone pole.

Columbia, S. C., April 18.—"To manufacture and deal in aeroplanes," is the purpose of the Dillon Aviation Company, chartered today with $25,000 capital, J. D. Manning being president. This is the first company of the kind in South Carolina.

If you could see the pure, rich, fresh milk from which JERSEY MILK is condensed, and the careful and cleanly manner in which the milk is handled, you would use no other brand.

SOCIETY

Miss Mildred Borden, of Goldsboro, is the guest of Miss Duralde Borden, on North Third street.

* * *

Miss Marie Stuart Smith, of Richmond, Va., is the guest of Mr. and Mrs. Arthur VanBuren.

* * *

Mrs. R. D. W. Connor arrived in the city yesterday and is a guest at the home of Mrs. W. A. Wright.

* * *

Mr. Hinton James, of Laurinburg, arrived last night and will be one of the attendants at the Jacobs-Moore wedding on Thursday afternoon.

* * *

Mrs. Washington Catlett has returned from New York, where she visited her son, Mr. George Catlett, and other relatives in the New England States.

* * *

The Ladies' Aid Society of St. Andrew's Presbyterian Church will hold a lingerie sale at the residence of Mrs. H. E. Bonitz, 711 Princess street, this afternoon at 3:30 o'clock, which will be followed by an Easter egg hunt for the children, at 4:30 o'clock. The public is cordially invited.

* * *

Mr. and Mrs. John W. Batson issued invitations to a very pleasant celebration of the fifth anniversary of their wedding at their hospitable home, No. 514 Ann street, last evening from 4 to 7 o'clock. A large number of guests called during the hours and were elegantly entertained by their host and hostess, who received the happiest felicitations and best wishes for their future happiness.

* * *

Mr. Richard Westbrook gave a delightful hay ride to a party of his Wilmington friends on Monday evening. The party went down from Wilmington and were entertained at the home of Mr. Westbrook's parents, Mr. and Mrs. G. W. Westbrook, on Bradley's Creek, where a most delightful evening was spent. The young people were chaperoned by Mrs. J. C. Shepard and in the party were Miss Alma Peschau, Miss Juliet Merriman, Miss Nannie Watters, Miss Madeline Corbett, Miss Bessie Price, Miss Mary Hayden and Messrs. Price, Shepard, Hayden, Hines and Peschau. Dainty refreshments were served during the evening, Mrs. Westbrook being assisted by Misses Elizabeth Westbrook and Winifred Shepard. The home was beautifully decorated with smilax, palms and cut flowers. A three-course luncheon was served and the guests departed voting the host and hostesses altogether delightful and agreeable.

* * *

L'ARIOSO CLUB HONORS THE BRIDAL PARTIES.

Last night in the Masonic Temple ballroom L'Arioso german club gave one of the most beautiful and largely attended dances of the season. The dance was given in honor of the three bridal parties of this week, all of the bridesmaids and groomsmen being special guests. The hall was elaborately decorated for the occasion, with greens and nowers, festoons of Southern smilax caught up in the center of the hall with quantities of baskets of different colored flowers gracefully hung from the ceiling. Excellent music was furnished by Prof. Kneisel's orchestra. The dance was very gracefully led by Mr. Edward P. Bailey and Miss Charlotte Pleasants, assisted by Mr. R. C. James and Miss Amoret Lord.

The chaperones were Mesdames John D. Bellamy, Allan Nichols, Jessie K. Wise, E. P. Bailey, R. H. Northrop, Geo. W. Kidder and Clayton Giles, Sr.

During every dance lovely favors were given and this added much to the attractiveness of the scene. Among those dancing were Mr. and Mrs. J. W. Williamson; Miss Marguerite Short, Mr. Raymond Hunt; Miss Sarah Kenan, Mr. J. J. Blair; Lieut. and Mrs. Doran; Miss Lucy Poisson, Mr. Geo. Meares; Miss Sue Prince, Mr. L. T. Moore; Miss Elise Kidder, Mr. Walter Stokes, of Nashville, Tenn.; Miss Mumford, Richmond, Va., Mr. Marion Harriss; Miss Leila James, of Biloxi City, Miss., Mr. J. M. James; Miss Marie Grainger, Mr. T. S. James; Mr. and Mrs. A. B. Skelding; Mr. and Mrs. A. B. Pleasants; Miss Janie Meares, Mr. L. J. Poisson; Miss Janet O'Neill, Mr. Waddell Watters; Miss Elise Emerson, Mr. O. P. Peck; Miss Christine Stevenson, Mr. Allan Emerson; Mr. and Mrs. E. A. Metts; Mr. and Mrs. Lindsay Russell; Miss Reese, of Charlotte, Mr. Meares Harriss; Miss Marie Stuart Smith, of Richmond, Va., Mr. R. A. Williams; Miss Cynthia Rountree, Mr. H. M. Chase; Miss Katie Grainger, Mr. A. M. McKoy; Miss Bessie Craig, Mr. T. H. Wright; Miss McQueen, Mr. C. McD. Davis; Miss Jean Elliott, of Fayetteville, Mr. Bernard O'Neill; Mr. and Mrs. Lyman Delano; Miss Charlotte Pleasants, Mr. E. P. Bailey; Miss Amoret Lord, Mr. R. C. James; Miss Helen Strange, Mr. Burke Bridgers; Miss Atha Hicks, Mr. Ross McNeill, of Burgaw; Miss Margaret Bridgers, Mr. Frank Harriss; Mrs. William Chisolm, of Charleston, Mr. J. H. James; Miss Isabelle Smallbones, Mr. S. T. Pender, of Columbia; Miss Lucile Murchison, Dr. R. B. Seem; Miss Theo. Cantwell, Mr. T. Edward Brown, of Washington, D. C.; Miss Nelson, of Baltimore, Mr. P. W. Davis; Miss Bynum, of Lincolnton, Mr. Kenneth Burgwyn, of Chapel Hill, and Miss Bessie Albright, Mr. John R. Murchison. Stags—Messrs. R. W. Strange, S. VanB. Nichols, Hargrove Taylor and Dave Murchison.

* * *

PRETTY CHURCH WEDDING YESTERDAY AFTERNOON.

Yesterday afternoon the First Presbyterian church was the scene of one of the most charming and lovely weddings that has transpired in the city in some time, when Miss Agnes McQueen, the attractive young daughter of Mr. H. C. McQueen, became the bride of Mr. William Parsley Emerson. The church was very prettily decorated with palms and Easter lilies, and was taxed to its utmost to accommodate the large crowd that gathered to witness the happy event in the lives of these two popular young people. Promptly at the appointed time the bridal party entered the church to the strains of Lohengrin's bridal chorus, and grouped themselves around the altar, where the ceremony was performed in an impressive manner by Rev. John M. Wells, D. D., pastor of the church.

The bride was given in marriage by her father, Mr. H. C. McQueen, and she had as her maid of honor Miss Christine Stevenson. The groom was accompanied by his best man, his brother, Mr. Allan Emerson. The bridesmaids were Misses Jean Elliott, of Fayetteville; Isabelle Smallbones, Janet O'Neill, Elise Emerson, Amoret Lord and Annie Worth. The groomsmen were Messrs. Waddell Watters, Oscar P. Peck, S. T. Pender, of Columbia, S. C.; R. C. James, C. McD. Davis and Bernard O'Neill.

The bride was beautifully attired in a gown of white satin trimmed with Duchess lace, and carried a boquet of brides' roses, the bridesmaids carrying beautiful bunches of pink sweet peas.

The groomsmen wore the conventional evening dress with boutonnieres.

The bridal partp left the church to the strains of Mendelsohn's wedding march and drove to the home of the bride, where a reception was given in honor of the happy young couple, receiving the hearty congratulations of numerous friends, who wished them much happiness in their married life. After the reception they drove to the Union station where they boarded the train for the North to spend their honeymoon, amid showers of rice, old shoes and best wishes from the many friends who were there to bid them good-bye.

Mr. Emerson is one of the most popular and highly esteemed young men in the city, and has a bright future in his chosen career, having had wide experience in the railroad business, holding the position of commercial agent for the Kanawaha Dispatch in this city.

The bride is an attractive and charming young lady of this city, possessing a rare, sweet disposition, and widely admired by a large circle of friends, who wish her much happiness.

PERSONAL PARAGRAPHS.

—Col. Walker Taylor left last night for Hartsville, S. C., on insurance business.

—Editor Lauchlin McNeill, of the Pender Chronicle, spent yesterday in the city.

—Messrs. W. B. Cooper and James H. Cowan returned yesterday morning from a business trip to Washington, D. C.

—Among yesterday's arrivals at The Southern Hotel were: W. T. Flynn and F. P. Flynn, Currie; A. W. Alderman, Rose Hill; J. A. Dew, Currie; R. W. Robert, Vista; D. R. Mercer, O. W. McKeithan, Bolivia; R. Galloway, Supply; L. E. Squires, Council's; J. A. Register, Rosindale; A. Taylor, Hamlet; W. S. Rochelle, Hampsted; J. R. Green, Zara; John Johnston, Mt. Airy.

LOCAL DOTS.

—The Bright Jewels and the Mite Box Brigade of Grace M. E. church, will hold a joint meeting this afternoon at the church. All children are urged to be in attendance on this interesting occasion.

—Mr. Frank W. Peiffer left Wilmington yesterday evening on a northern trip to make arrangements for fixtures and equipment for the "Airdome," and also in the interest of the "Crystal Palace."

—An indictment charging William Moore, colored, with larceny by trick was dismissed by Justice Harriss yesterday, it being shown that Moore received the money he was charged with securing—$2—by mistake.

—Only one deed was placed on record yesterday, that of Maggie H. Holland to J. C. King and wife, for $100 and other valuable consideration, lot 36x66 feet in the eastern line of Fifth, 105 feet south of Church.

D. A. R. CLASH AVERTED.

Peaceful Sessions of Congress at Washington Yesterday.

Washington, April 18. — Business began in earnest today at the 20th annual Continental Congress of the Daughters of the American Revolution. A threatened clash over the report of the treasurer-general of the society bearing upon sales of bonds during the year, was averted by the firm hand of Mrs. Matthew T. Scott, of Illinois, the president-general. The question was raised by Mrs. Ballinger, a delegate from the District of Columbia, and may be brought up again.

Mrs. Tulloch, vice president-general in charge of organization, reported that the present membership is 68,552, an increase of 5,052 over a year ago.

Mrs. Wiliam C. Story, of New York, candidate for president-general in opposition to Mrs. Scott, was tendered a reception by the New York delegation, all the Daughters being invited.

A patriotic entertainment was given in Continental Hall tonight by the Children of the American Revolution and a number of State delegations held receptions and meetings at their various headquarters.

El Paso, Texas, April 18.—With only a small advance guard of the insurrecto army at Bauche, twelve miles south of Juarez, fear of an immediate attack has been dispelled and residents of Juarez tonight are giving more attention to their customary pursuits. This situation was confirmed today by scouts reporting to General Nayarro in Juarez. No shots were exchanged.

Kicked by a Mad Horse.

Samuel Birch, of Beetown, Wis., had a most narrow escape from losing his leg, as no doctor could heal the frightful sore that developed, but at last Bucklen's Arnica Salve cured it completely. Its the greatest healer of ulcers, burns, boils, eczema, scalds, cuts, corns, cold-stores, bruises and piles on earth. Try it. 25c at R. R. Bellamy's.

..Theatrical..

"A Doll's House."

The interpretation of "A Doll's House," by Madame Harriet Labadie, who under the auspices of the Hospital Circle of King's Daughters, will give a dramatic reading of this play on April 27th, in the Opera House, has awakened a wide interest throughout America. The play contains a vital problem that is forcing itself upon the minds of thinking men and women of today—a problem that opens up a vast, new field of thought for those who recognize the fact of its existence for the first time. It is a play that stirs the heart as deeply as it makes a strong appeal to the intellect.

The character of Nora Helmer, the central figure around which Ibsen has woven a story of intense human interest, is an absolute creation of a living, breathing woman. Through Nora the dramatist points the high ideals to which a woman must rise in order to fulfil her true mission nobly.

It was "A Doll's House" that awakened the women of Norway to a sense of their true responsibilities in life, and it has been instrumental in placing them upon a higher social plane than the women of any other country in Europe at the present time. It teaches the lesson that a woman must educate her own mind in order that she may, as a mother, be fit to would the early character of her children so that they, in their turn, may be prepared to accept the responsibilities of womanhood. Nora is rudely awakened to the fact of their existence only when overpowering circumstances hem her in with a crushing force. The sudden realization of her weakness and ignorance brings about her awakening, and a new strength is born that leads her to make her startling "declaration of independence." This scene between Nora and her husband, Torwald Helmer, has been the cause of world-wide discussion since the play was first produced over 30 years ago.

Since then "A Doll's House" has proved its popularity by the fact that it has been more or less frequently acted in every country in the world, and the part of Nora has been portrayed by the leading actresses of each decade including Modjeska, Janet Achurch, Beatrice Cameron, Madame Rejane, Eleonora Duse, the American actress, Minnis Haddem Fiske.

The Crystal Palace.

"The Claywood Sisters" are making a hit this week at the Palace in their neat sketch, introducing dancing and harmonic singing. The "Southern Four" continue to be a pleasant attraction to Wilmingtonians. The songs are all well sung, the jokes good, and the act as a whole is praiseworthy and is being generously applauded. Three picture subjects will be shown today, viz: "The Child's Prayer," "Matilda's Choice," and a feature of the old-time rural life, "The Folks Back Home."

Grand Theatre.

Today's bill at the Grand is another mammoth affair, comprising comedy, drama and scenic productions. The Grand has an enviable position in the motion picture world and one visit to the Theatre Beautiful will prove this statement. One of the principal features is the excellent ventilating system which is second to none in the United States. The Grand is supplied with 14 electric fans besides four of the most powerful exhaust fans made. There is always a cool atmosphere in the Grand and on warm days it will be found cooler than being out doors in the shade. Mr. Baldwin still continues to be a great favorite.

The illustrated song that he will sing is "Papa Please Buy Me An Airship." This is a pretty little waltz song with just the best kind of a swing to it. The character song is the big comedy song, "Casey Jones." Most everyone has heard this song but never heard it characterized. There will be three reels of the very latest pictures and an entire change of programme by the orchestra.

Joyland.

Election day did not detract a bit from the crowds at Joyland yesterday and the excellent programme that was presented was enjoyed by large crowds. "The Harem Skirt," a feature comedy film made such an unusual hit that the management has decided to present it again tomorrow in addition to the usual amount of pictures. Mr. Reilly will sing "Stop Your Blushing Rosie," in his usual captivating manner, and at night will present another song before the spot light, which will be a feature.

The Little Princess.

Of "The Little Princess," which will be presented at the Academy Thursday and Friday nights of this week, the Augusta Chronicle of a recent date says:

"The largest audience ever drawn to the Opera House by an amateur performance, greeted the fairy spectacular play, 'Little Princess,' presented under Y. M. C. A. auspices. It was a gorgeous spectacle and a feast to the eye. The stage pictures were more elaborate and beautiful than were ever seen on our local stage. The whole performance was a brilliant success from the moment the curtain rose until it fell on the gorgeous rose garden scene."

The Montgomery (Ala.) Advertiser said on occasion of its presentation for First Baptist Church: "The entire performance was a great success and will go on record as one of the most brilliant occasions of its kind ever put on the stage in Montgomery."

At the Bijou.

The Bijou management is never satisfied with the extent and merit of its shows, but is always reaching out to give the people more, or better if possible. However, the latter is hardly possible, as those folks who have attended the biggest moving picture shows in the larger cities and then attended the Bijou will testify. But in the field of quantity, the Bijou is ever reaching out, and pulling in some delicious plum for its patrons. Its latest move was to purchase and have installed a giant orchestral electric piano. This instrument is the largest of its kind and the most expensive ever brought to North Carolina. It is a gem in perfection, and furnishes music in sweet and melodious manner. The crash of the drums in the rendition of some march is indeed stirring. A new programme of the most popular airs will be presented today. Of course, the Bijou will give its daily new bill of three reels of the latest motion pictures, while Mr. Frank Banks will present one of New York's latest song successes.

THE SENATORIAL PRIMARY.

The Gossip as it Goes in Raleigh—Rate on Brick.

(Special Star Correspondence.)

Raleigh, N. C., April 18.—The recent declaration of United States Senator Simmons, in favor of a primary in 1912 for the settlement of the contest within the Democratic party for the Senatorship as between he and Governor Kitchin, and whoever, also, may come out, has quickened lagging interest in the situation in which so many Democrats are insisting that there must be political quiet until this issue is due in 1912.

However, it is recognized that the issue is up through force of circumstances and must be dealt with. There is some talk of the possibility of ex-Governor Aycock declaring his candidacy within the next few weeks, but those who are surmising as to this have to take into account the positive declaration of Gov. Aycock very recently that he would not undertake such a campaign so long drawn out as this would be from now until the primary is to be held for the greatest office of all. Indeed, he made it clear that he just would not get into such a campaign for several months to come. He is being deeply impressed by the appeals that are coming to him to stand for the senatorship, but close friends of the ex-Governor do not believe there will be any announcement from him for some time yet, months, in fact.

The Corporation Commission heard today brick manufacturers and railroad freight managers on the question of a proposed readjustment of the freight rates of brick, an issue developed through the recent proceedings in the Goldsboro-Durham "internal improvement" rates that the Commission eliminated. The railroads oppose any scaling of rates to anything like the basis that the Durham-Goldsboro rate was on. The brick manufacturers asked simply for uniformity, so that brickyards the State over would have an equal showing. The Commission has the matter under advisement. Here for the railroads were Freight Agent Chalmers, Seaboard Air Line; General Freight Agent G. R. Browder, Atlanta, Seaboard Air Line; Division Freight Agent Jno. Andrews, of the Southern, and Freight Agent S. L. Gill, of the Norfolk & Southern. Brickmen here were Mr. Strudwick, Hillsboro; H. L. Grant, and H. Weil, Goldsboro.

ROWS AT ZION CITY.

Occurred During Voting For City Officers Yesterday.

Chicago, April 18.—Election rows occurred at the polls at Zion City intermittently during the voting for city officers today and broke out afresh after the ballots had been counted and the result announced tonight. The final count showed that W. Hurd Clendenin, aided by Wilbur Glenn Voliva, successor to John Alexander Dowie, was elected mayor by five votes. More than 1,000 votes were cast in all.

Supporters of J. A. Goudio, heading the independent ticket, made charges of fraud, alleging that he had been counted out.

Chief of Police Hoover and four of his aides were arrested by Sheriff Green and fifteen deputies.

The election of Clendenin insures the continuation of Voliva in power in the city founded by John Alexander Dowie and will mean that laws prohibiting the use of liquor and tobacco together with other regulations promulgated by Dowie will be enforced.

Boston, Mass., April 18.—Al Delmont, the Boston lightweight, won a close decision from Monte Attell, of California, in 12 rounds of fast boxing here tonight.

SHE SUFFERED FIVE YEARS

Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Erie, Pa. — "I suffered for five years from female troubles and at last was almost helpless. I went to three doctors and they did me no good, so my sister advised me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken only two bottles I could see a big change, so I took six bottles and I am now strong and well again. I don't know how to express my thanks for the good it has done me and I hope all suffering women will give Lydia E. Pinkham's Vegetable Compound a trial. It was worth its weight in gold."—Mrs. J. P. ENDLICH, R. F. D. No. 7, Erie, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

Life's Blessings

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health if she has not prepared her system in advance for the important event.

Women who use Mother's Friend are saved much of the discomfort and suffering so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers.

ITINERARY OF BATTLESHIPS.

Announced by the Navy Department. Up the Mississippi.

Washington, April 18.—The itinerary of the battleship Idaho up the Mississippi river during May was announced by the Navy Department today. Arriving at New Orleans on May 10th, the vessel will start up the stream five days later. She will touch these points for the time mentioned: Donaldsonville, La., May 15-16; Plaquemine, La., May 16-17; Baton Rouge, La., May 17-20; Bayou Sara, La., May 20-22; Natchez, Miss., May 22-25. From Natchez the warship will continue up the river as far as Vicksburg, if conditions at the time will permit the trip without risk.

Washington, April 18.—Caught in a sudden gust of wind while flying over Potomac Park here today, Anthony Jannus, a local aviator, narrowly escaped death when his biplane dropped 25 feet to the ground. He received several minor injuries.

THAT GOLDSBORO SERVICE.

At Last, the Corporation Commission is to Make an Order.

(Special Star Telegram.)

Raleigh, N. C., April 18.—The Corporation Commission will announce tomorrow a ruling in the matter of additional train service by the A. C. L. between Wilmington and Goldsboro through either extension of the Norfolk-Goldsboro shoo-fly to Wilmington or inauguration of a new local train to leave Wilmington for Goldsboro in the early morning. The railroad company has strongly opposed any change in the present service in vogue many years and Superintendent of Transportation E. Borden and Assistant General Counsel Elliott have just held a final conference with the Commission about the matter. Involved are important proposed connections for Raleigh and Greensboro.

"Casey Jones."

UNCERTAIN DAY FOR COTTON

Market Nervous and Unsettled But Active Months Sold Into New High Ground—Liverpool Was Disappointing.

New York, April 18.—The cotton market was rather nervous and unsettled today, but all active months sold into new high ground for the movement, and the close was steady, net unchanged to four points higher. The opening was steady at a decline of six points on August to an advance of two points on new crop positions, which was in line with the cables, as Liverpool was rather disappointing on near months, but better than due on late deliveries, following its four-day advancement. During the first few minutes old crop positions sold off 2 or 3 points, but the new crop held relatively steady in reports that rains in the central belt were causing a further delay in planting and the whole list soon rallied on a renewal of bull support, foreign buying and covering by some of yesterday's sellers. After showing a net advance of about 3 to 8 point, the market weakened again under realizing and local selling for a turn, which may have been encouraged by prospects for rather larger receipts, but a reaction of 5 @6 points from the best attracted a renewal of aggressive bull support and the highest prices of the day were reached in the afternoon, when July sold at 14.86 and October at 12.98, or about eight points above the closing figure of last night.

Subsequent fluctuations were irregular; a quick break of 9 or 10 points being partly recovered in the last few minutes, with the close 5 or 6 points off from the top. A number of private wires were received from Mississippi points during the day, claiming excessive precipitation, and while there was also numerous reports of favorable new crop prospects trade buying and the relatively steady ruling of the late months suggested some uneasiness of the continued unsettled weather.

Receipts, 9,600 bales at the ports, against 12,940 last week and 14,780 last year. For the week, 6,000, against 38,444 last week, and 86,163 last year.

Today's receipts at New Orleans, 1,400, against 3,197 last year, and at Houston, 1,588, against 4,099 last year.

Spot closed quiet, 5 points higher; middling uplands, 14.90; middling gulf, 15.15; sales, 2,,011.

Futures opened steady and closed steady.

LIVERPOOL A GOOD BUYER.

Buying Brought Another Advance in Cotton Market Yesterday.

(Special Star Telegram.)

New York, April 18.—Cables this morning responded to our advance of yetserday and Liverpool was again a good buyer here early, especially in the Fall months. This buying brought another advance in the market although above 14⅞ offerings increased, leading to a reaction after Liverpool closed. The market opened with good support, advancing again to the previous high prices with some scattered Wall Street covering. An attempt to take profits brought another decline in the afternoon, but good support was immediately forthcoming. The market closing a few points below the best of the day. There is no change in the general situation and while the market is freely bought from time to time by brokers acting for the concentrated long interests, but little outside buying has been so far attracted. Apparently the largest part of the May short interest has covered and that position sold today a few points under the July. Another failure of a Southern cotton mill was reported, but poor trade in this country is in a measure offset for the moment by the continued strength of the Liverpool market. Liverpool is due unchanged on the near and one to two points lower on the distant.

HUBBARD BROS. & CO.

LIVERPOOL COTTON MARKET.

Spot Quiet, Prices Six Points Higher—Sales and Futures.

Liverpool, April 18.—Spot, quiet; prices six points higher. American middling fair, 8.54; good middling, 8.22; middling, 8.02; low middling, 7.62; good ordinary, 7.56; ordinary, 7.31.

"Papa Please Buy Me an Airship."

Sung by Mr. Baldwin—Grand Theatre today. **

WIDE MOVEMENT IN STOCKS

Bear Traders Took Advantage of Circumstances to Inauguarte Bold and Effective Raid—General Activity.

New York, April 18.—Not since the stock market was thrown into confusion by the decisions of the Interstate Commerce Commission against the railroad in the freight cases in February last has there been such a wide movement in stocks as occurred today.

Bear traders took advantage of a variety of circumstances to inaugurate a bold and effective raid and the market was aroused from the lethargy of recent weeks. The bears were assisted by liquidation of long stocks and prices melted rapidly. Losses among the active stocks such as Reading, Union Pacific, United States Steel, St. Paul, Missouri Pacific, Lehigh Valley, Northern Pacific, Norfolk and Western, American Smelting and Amalgamated Copper ranged from 1 to 3 points. Some of the specialties were heavier losers. National Biscuit lost 6½ and Minnesota, St. Paul and Sault Ste Marie four. In the last half hour prices rallied somewhat on covering, but only a small part of the losses was made up.

The selling movement began in the first hour and was directed chiefly against Missouri Pacific, Interborough-Metripolitan, and the Fertilizer shares. The success which attended the movement against these stocks caused the bears to widen the scope of their operations, and during the second hour of trading the whole list fell off sharply. The number of shares dealt during this hour was as large as the total for the entire session yesterday, and during the remainder of the day the market was active, the day's business being one of the heaviest of the year. A number of stocks including Missouri Pacific, St. Paul, Lehigh Valley, New York Central, Pennsylvania, Southern Pacific, Inter-Metropolitan, Amalgamated Copper and American Smelting touched the lowest points of the year. The decline induced considerable liquidation. Owing to the closing out of weak bull accounts and selling by pools which have been active recently in manipulation of certain industrials.

The chief factor in today's market appeared to be the Mexican situation. Until today the street had not been disposed to view the situation seriously, but the tenor of the latest news enabled other traders to obtain effective support from this source for the first time. Today's news from Washington was accepted as an indication that a more acute situation in Mexico was at hand. Mexican issues were not materially affected, however. Missouri Pacific was adversely influenced by persistent rumors of friction within that company. There was further heavy selling of the fertilizer stocks, which suffered from repetition of reports that dividends on one or more of these stocks might be reduced.

The bond market was irregular, with a lower tendency. Total sales, par value, $3,043,000. United States bonds unchanged on call. Total sales, 549,000 shares.

DRY GOODS MARKET.

New York, April 18. — Lonsdale 4-4 bleached sheetings were advanced a quarter-cent a yard today to eight cents net. Trade continues steady, but with limited quantities being purchased. The export trade last week reached 5,000 bales of cotton goods. Yarns for spot shipment are easier. Low grade messalines are easy. Duplicate ordering on overcoatings and fall suitings is fair.

BLIND TIGER RAID.

Wholesale Arrests at Durham and Still More Expected.

(Special Star Telegram.)

Durham, N. C., April 18.—A band of blind tigers were caught here this morning just before daybreak, when the entire police force was called out to make the arrests. At 4 o'clock, according to the last report, 14 had been caught with bright prospects of capturing about 40 more. Among the number taken is one S. P. Williams, who was up in court last week and who escaped the roads on account of his age. Judge Sykes suspended judgment in his case on condition that he come up at the beginning of each month and show a clean record. At the beginning of the eighth day he is arrested again. In many respects this is the biggest raid ever made hereabouts and no one knows now the officers managed to get the crowd in one night.

Durham, N. C., April 18.—The "blind tiger" element here was thrown into a fever of excitement today when it became known that during an early morning raid 61 alleged offenders against the State prohibition laws fell into the closely drawn nets of a posse of officers and detectives.

The raid was begun shortly after midnight and when the final round-up was made 41 negroes and 20 whites had been either placed behind the bars or required to put up a cash bond.

Recorder Sykes has been busy all day trying the cases. Late this afternoon a dozen had been disposed of, but in only one instance, that of a young white man, has a verdict or sentence been passed. In this case the verdict was guilty and the sentence six months on the count ychain gang.

FISHER STEAMER LAUNCHED.

To be Used in Connection With Menhaden Fisheries.

Rockland, Me., April 18.—The fishing steamer Martin J. Marran, one of three fast steamers being built for a New York company to be used in connection with the menhaden fisheries on the coast between North Carolina and Cape Cod, was launched here this afternoon. The steamer was christened by Miss Margaret Marran, daughter of Capt. F. J. Marran, who will command it. The steamer, which cost $60,000, is 165 over all, 23 beam and 12 feet depth of hold.

REBELS EVACUATE TOWN ON BORDER

(Continued from Page One.)

was imminent and he had to seek some place of safety quickly. Garcis asked especially that he be considered merely a refuge and not as a rebel commander.

Douglas today gave a long sigh of relief. With the occupying of Agua Prieta by Federal troops and with the flight of the rebel army the grave danger to every resident from Mexican bullets passed.

Federal Troops Move.

Chihuahua, April 17, via Laredo, Texas, April 18.—The prisoners, who were in the hands of the Mexican Federal troops at the time of battle Sunday between Federals and insurrectos between Suaz and Santa Clara, arrived here today accompanied by 1,000 Federal troops under Lis Bago. At sundown they went into camp 8 miles north of this city. Tomorrow they will be marched in and confined in the penitentiary to await trial.

All the prisoners, except for fatigue seemed in good spirits. They said they had been as well treated as possible.

Weary and footsore from 200 miles march afoot fourteen Americans and two German prisoners arrived here tonight from Casas Grandes. All are well.

American Prisoners.

This afternoon the American prisoners were taken to the penitentiary where each was confined in a separate cell. No one hereafter will be allowed to see them except the United State consul. The cells, though without bedding, are clean and sanitary. Americans here have arranged to provide the prisoners with food, tobacco and other comforts. Investigation by Consul Letcher and Vice Consul Leonard disclosed several corrections in names as originally given out.

The prisoners told Consul Letcher that 75 Americans were engaged in the Casas Grandes fight. They said about thirty Americans were killed.

R. C. Lee, of Mount Washington, Mo., says:

"We began attacking the town at daylight, having prowled around it the previous night to select positions. At the opening the soldiers of the town were flurried, but they soon got on the housetops and responded vigorously. We had the best of them and after five hours they raised a white flag.

"Meantime, we rushed in and they began firing again. They had withdrawn the white flag, it seems because Colonel Cuellar with 700 men was coming to their rescue. The fight continued in the town and through the streets. About 25 of us Americans got inside an adobe house. From the windows of this we continued to fight until we saw it was hopeless. Then we hoisted white flag, but for twenty minutes afterwards we were still under fire."

It is not known when the trials of the prisoners will begin. Consul Letcher has obtained all the data obtainable for presentation to the State Department.

After Some Peace Terms.

Chihuahua City, Mexico, April 18, via Laredo, Texas—Under the protection of a white flag, which floated from the locomotive, Francisco I. Madero, Sr., left this city today on a special train for the interior, where he expects to meet his son, Francisco I. Madero, Jr., the insurrecto leader, and induce him to some terms for peace in Mexico.

With Senor Madero were his brother, Ernesto Madero, Alfonso Madero, his son; Rafeal Hernandez and Frederico Moye.

The departure of the party for the field was the result of weeks of effort and is supposed to have been inspired in part at least by conferences in New York between Minister Limantour and the elder Madero.

Evacuation of Agua Prieta.

Washington, April 18.—The official version of the evacuation of Agua Prieta was given in a message from Douglas, Arizona, to the Mexican embassy. It follows:

"I began to advise you of the complete triumph of the Federal army in taking Agua Prieta from the rebels, who were completely routed. The Federals displayed great heroism and abnegation in spit of tremendous odds and the disadvantages they had to surmount in order to fire and capture the town without doing damage to persons and property in Douglas, Arizona.

"I am unable to state as yet the number of the dead. Those of the rebels are very heavy. Many of the latter including the leaders. Belisario Garcia and Medina surrendered to the American forces. The Federals captured a great number of arms and ammunition. The public has not been allowed to enter and the service of the Red Cross have been gratefully declined as the Mexican troops have all the necessary elements to attend to all the wounded."

Proposition for Armistice.

Mexico City, Mexico, April 18.—A proposition for an armistice pending negotiations for a settlement of Mexico's internal troubles was received from the Department of Foreign Relations today from Washington presumably from Dr. Vasquez Gomez.

A reply was returned in which it was indicated that the government looked with favor upon the suggestion.

The armistice proposals appeared to be a direct outgrowth of the battle at Agua Prieta and the consequent casualties among non-combatants in Douglas, Arizona, due to the fire from the Mexican side. It points specifically to the dangers of international complications which might follow a continuation of the conflict.

Minister De LaBarra this afternoon sent to Washington the answer to the proposal made by the agent of the revolutionists. In it he stipulated certain minor terms to which it is believed there will be no objection. It is said, however, that before a full agreement is entered into by the government and rebels every detail of the proposal will be submitted to Francisco I. Madero, Jr.

So far have negotiations now gone that it is not expected that Madero will longer oppose the overtures his agents have made for peace. It is believed that no time will be lost either by the rebels or the government in concluding arrangements for the formal declaration of the armistice and that as soon thereafter as possible the work of drafting terms for permanent peace wil be begun. Both sides realize that the war is costing the country too much money and lives, it is said, and the fighting at Agua Prieta has served to emphasize this view.

It will not surprise some persons if the armies now opposing each other in the north receive orders within the next 48 hours to cease operations. This might prevent a threatened battle at Juarez.

Minister De LaBarra did not feel at liberty tonight to disclose the condition in which the armistice would be granted. The terms proposed are mainly those made by the revolutionists. While the exact terms on which permanent peace will be based have not been agreed to, it is said that tentative promises of a character intended to satisfy the rebels have been made. While no confirmation could be obtained here tonight a rumor was current that he terms on which the rebels would agree to end the revolt are the resignation of President Diaz within five months, the appointment of Minister De LaBarra, as president, pending the holding of a special presidential election and the immediate revision of the electroal laws.

The minister of Foreign Affairs today said to a representative of the Associated Press that the Mexican government in its reply to the State Department at Washington with reference to the fatalities which had occurred durnig the first battle of Agua Prieta had expressed its regret and that it had offered to repeat the orders already given to its soldiers to avoid shooting in the direction of the American frontier.

The Mexican government expressed its conviction that the incidents growing out of the battle would not affect the friendly relations between the two nations.

Admitted by Gomez.

Washington, April 18.—That proposals for an armistice have been communicated to Mexico City was admitted tonight by Dr. Vasquez Gomez, head of the Confidential Agency of the Mexican revolutionists here. As soon as he receives official word that the Mexican government is agreeable he will communicate with the junta at Elpaso, who will transmit the information to the forces in the filed.

The armistice proposed would impose the status quo upon both sides in the State of Chihuahua and the Northern part of the State of Sonora and would continue pending the arrangement of a peace conference.

Dr. Gomez will not, however, be able to definitely reply to the Mexican government until he receives word from the forces in the field that an armistice is acceptable to them. The proposals for an armistice went forward to Mexico City early today after a long conference by Dr. Gomez with friends here last night. It was pointed out to Dr. Gomez that international complications seriously affecting the welfare of Mexico might result from a continuation of hostilities along the American border. Much time was being lost by both sides in the informal overtures being made towards peace and Dr. Gomez was appealed to to promptly save for Mexico the many soldiers on both sides who had shown bravery and heroism.

Dr. Gomez is said to have been assured that if the revolutionists will set forth a definite set of proposals in the conferences to follow the armistice, they would be laid before the Mexican cabinet.

Chihuahua and Sonora were included in the armistice because it was believed that quicker communication could be affected with the forces there, and it was hoped by those who suggested the armistice that other parts of Mexico would automatically become inactive pending the negotiations.

The report that a large insurrecto force was marching on Juarez and might participate in a repetition of the incident of Agua Prieta, endangering Americans, is said to have stimulated those who conferred with Dr. Gomez and suggested the transmission of a proposal of armistice to the Mexican government.

Liquor Caused Defeat.

Douglas, Arizona, April 18.—The rebel's defeat at Agua Prieta was attributed wholly to the over indulgence of the insurrecto soldiers in intoxicating liquors found in the saloons and stores of the captured city, according to Colonel Juan Medina, commander-in-chief of the rebel forces, who fled to this city and surrendered to the United States authorities.

ANARCHIST IN THE TOILS.

Arrested on Train Upon Which King Was to Leave.

Bordeaux, France, April 18.—The police arrested Fernandez Francisco, alleged to be a Spanish anarchist at the railway station here today a short time before the arrival of the 7:13 P. M. train, upon which King Alfonso was to leave the city.

Since the arrival here yesterday of the Spanish monarch, every precaution had been taken to secure his safety. In anticipation of seeing the King many persons had gathered at the railway station and detectives who mingled in the throng had no trouble in picking out Francisco. He was quietly taken into custody.

King Alfonso came here to be treated by Prof. Moure for an affection of the nasal organs. It is reported that a polpus was removed from the royal patient's nose.

VICTORY FOR WOMAN.

Norfolk Mayor Vetoed Ordinance Regarding Woman's Hats.

Norfolk, Va., April 18.—On the ground that Norfolk is "no longer a village but a city," Mayor Riddick today vetoed an ordinance by the council requiring women to remove their hats in theatres and providing punishment for violations of the ordinance.

"Papa Please Buy Me an Airship."

Sung by Mr. Baldwin—Grand Theatre today. **

UNREST IN THE REPUBLIC.

Result of the Revolutionary Movement in Mexico.

Mexico City, Mex., April 18.—That disturbances and unrest extend practically throughout the country as a result of the revolutionary movement is indicated by reports that are reaching Mexico City from day to day.

With the exception of the States of Colima, Tamaulipas and Queretaro, every State in Mexico has been the scene of disturbances at one time or another. The territory of Tepic has been free of trouble.

The War Department, however, has characterized these disturbances as the work of bandits. But in the majority of instances the raiders have made their assaults crying "Viva Madero," and not infrequently their victims have been supplied with receipts for the money and property appropriated.

Whether these bands are rebels, loosely affiliated with the revolutionary army in the north, or merely brigands, cannot be determined definitely. Their tactics are those of brigands, but so have been the tactics of the rebels in countless cases.

Notwithstanding the suspension of personal guarantees and the determined effort of government troops to wipe out this "brigandage," the number of cases is steadily growing. In the States of Guerrero, Puebla, Yucatan and Morales these minor disturbances have been most frequent. The list of unlawful acts in various quarters reported today is a long one.

Among the most important of these are the following:

Silver bullion to the amount of $10,000 was forcibly taken from the Dacis Mining Company in the State of Durango.

Within 24 hours it was voluntarily returned. The company is an English concern.

Papasquiaro, in Durango, is said to have been attacked by a band of 50. According to the War Department the Federal troops routed the band.

Vintanas, also in Durango, is reported to have been sacked. The raiders later engaged in a fight among themselves, five of them being killed.

Six men are reported killed in an engagement with volunteers on the Hacienda Santa Rosalie, near San Juan Del Rio. The volunteers were victorious, but the raiders resumed their depredations on the haciendas.

On the Hacienda El Pallilal, near Saltillo, Coahuila, a force of Federals after a fight of two hours, put to flight a band which they encountered engaged in robbing.

Jose Gonzales and five employees are reported to have been killed while defending the Hacienda Moras, in Coahuila.

At Madero, Coahuila, a train was held up and robbed by what are described as "fifty drunken insurrectos."

Farmers and Truckers Busy With Crops — Personal Happenings.

(Special Star Correspondence.)

Rocky Point, N. C., April 18.—The farmers are getting busy planting cotton and chopping out corn. Some of the cotton is already up. Some fine berries are being shipped from here, however, the yield will hardly compare with last year in quantity, but in quality it will surpass.

A dangerous run-away occurred between here and Lane's Ferry yesterday. Mr. T. P. Pearsall was driving out with Mr. J. C. Jones' little boy, when the horse became frightened and ran at a gallop for five miles. Mr. Pearsall had stepped out and left the little boy in the buggy. The little fellow held on for a while but jumped out and escaped uninjured after the horse had run some distance. Neither the horse nor buggy was injured.

Misses Sudie and Alma Southerland and Miss Lizzie Jerome, of Rose Hill, are visiting Mrs. T. J. Armstrong.——Mr. and Mrs. J. C. Jones and son Paul, of Newark, N. J., and Mr. Gaston Phares, of Wilmington, are visiting Mr. and Mrs. Geo. T. Jones.

Mr. Stedman Sparkman and bride of Vidalia, Ga., are on the Point being congratulated by their many friends.——Mesdames Cecilia Durham and Clara Armstrong are making business calls on Front street today.

FAYETTEVILLE PRIMARY.

Underwood and McNeill to Run Over. The Aldermen Chosen.

Fayetteville, N. C., April 18.—In the Democratic primary for nomination of municipal officers, held here yesterday, the vote was light, a majority of votes cast was necessary to choice. As the highest man on the ticket failed to receive a majority, a second primary is necessary. Six hundred and fifty-three votes were cast for mayoralty candidates, as follows: J. D. McNeill, incumbent, 275; John Underwood, 190; R. H. Dye, 119; H. L. Brother, 61; James C. MacRae, 8. No candidate for alderman was chosen in the first ward. Other aldermen chosen were W. H. Marsh, C. B. McMillan, J. A. King, J. T. Harrington, C. B. Ledbetter, D. H. Jones and E. A. Poe.

The issue in the campaign was the submission to the people of a vote on the sale of the city's electric light plant. McNeill favored the election and Underwood opposed it.

BIG FIRE AT JACKSONVILLE.

Swept a Whole Square, Destroying Lumber Co., Yards.

Jacksonville, Fla., April 18.—A fire which originated from an unknown cause in the fuel room of the Doscher Gardner Lumber Company here tonight, swept a whole square in the western part of the city, destroying the stocks of the first named concern, the Jacksonville Lumber Company and a line of freight cars on the Seaboard Air Line sidings, meaning a total loss of half a million dollars.

Gusts of wind caused the flames to spread with almost incredible rapidity and for a time threatened to carry the fire across the square to several rows of frame business houses. Seeing the uselessness of attempting to check the fire near the point of origin, the fire department centered its efforts on holding the blaze within the lumber district and western part of the city escaped what would have proved a serious conflagration.

SOME of the screws in a Waltham Watch are so small that 12,000 of them will not fill a lady's thimble. Yet the smallest are perfectly made. Perfection in detail makes the Waltham a close time-keeper.

"It's Time You Owned a Waltham."

WALTHAM WATCH

MINERS ON PARADE.

Ten Thousand Celebrate Year's Fidelity to Their Unions.

Latrobe, Pa., April 18.—Ten thousand miners with their wives and children paraded the streets of the boroughs and communities in the Irwin Coal Fleds of Westmoreland county today in celebration of a year's fidelity to their unions—a year of strike characterized with much violence.

The day was given over to jollification despite the many privations of the families whose head had been without work and early in the day small groups attired in the radiant garb of the foreigner bent their steps toward Machesneytown, where is the strikers' headquarters and where the unique parade was formed. Through borough after borough the marchers passed, cheering and shouting gaily, the men presenting a marked difference in appearance from a year ago, when they laid down their tools in the mines and came into the sunlight, their pale faces besmudged with coal dust and grime. Today they were in holiday attire and sunburned and healthful appearing, from the enforced life in tents and in the open air. There was little for sociologists to see beyond the merrymaking and there were none there.

A COMMITTEE OF SAFETY.

Result of Protest Meetings Held in New York.

New York, April 18.—From the scores of protest meetings in the wake of the Washington Place fire there resulted today the organization of the committee of safety of New York City with a membership composed of delegates of many associations and a far reaching programme for protecting the lives of factory and other workers. Miss Anne Morgan, a daughter of J. Pierpont Morgan; George W. Perkins, the financier, and Henry L. Stimson, Republican candidate for governor last year, are among the prime movers. Mr. Stimson was elected president.

New York, April 18.—Plans for the proposed aviation meet at Belmont Park next month were abandoned tonight by the board of governors of the Aero Club of America, upon receiving the report of a representative sent to Dayton, Ohio, to consult with the Wright brothers. The Wrights are said to have declared that the time for making arrangements for the meet was too short.

ICE! ICE!! ICE!!!
-:-YES-:-
ICE! ICE!! and ICE!!!

One might almost be led to believe that this community had never seen Pure Ice until this good year 1911.

A great man once said "there is nothing new under the sun" and this is so to a great extent when it comes to the manufacture of ice.

Now, as a matter of fact, The Independent Ice Company has been for ten years and is still making as pure, as clean, as healthful to use ice as can be found in all North Carolina. We defy anyone to prove to the contrary. Our prices are as low as the lowest. We give full guaranteed weight. Our service is the best Wilmington ever had. We have a polite, accommodating corps of officials who will thank any one to report any act of neglect or discourtesy on the part of our wagon drivers or helpers.

Do the right thing for yourselves and for ourselves by taking ice from the old reliable.

THE INDEPENDENT ICE CO.
